DROP IN WHEAT PRICE WIPES OUT BANKS' MARGIN

Wheat At Winnipeg Goes To New Low Level For the Season

May Delivery Sinks to \$1.17½ a Bushel, But Rises Slightly and Closes at \$1.18½; Pool Officials Decline to Make Public Statement on the Situation

Winnipeg, Feb. 17.—The Winnipeg Free Press Evening Bulletin in its noon edition to-day said: "The price of No. 1 wheat on the Winnipeg market dropped to within ½ cent of the Canadian Wheat Pool's margin with the lending banks for that particular grade when a bear raid on the futures market had forced May wheat down to \$1.20½ shortly after the opening of the market this morning. Later in the session the market continued its break, reaching a low of \$1.17½ for May wheat, compared with a close of \$1.23½ on Saturday. To-day's close was at \$1.18½. (Concluded on Page 3)

SOVIET PRESS DEFENDS ATTACK ON CHURCHES

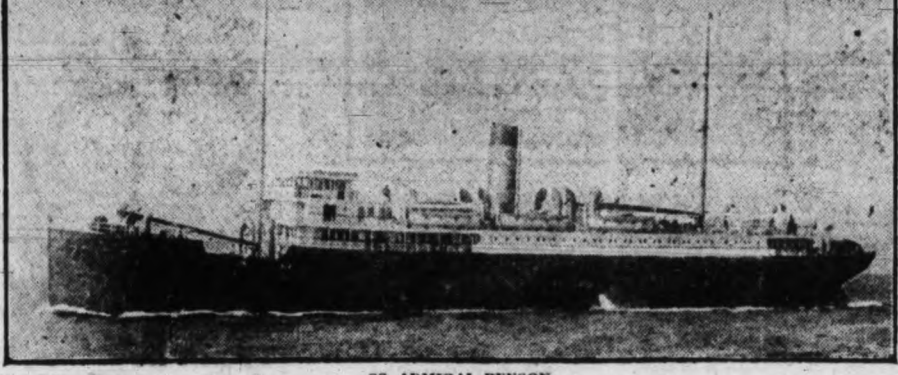

Moscow, U.S.S.R., Feb. 17.—The Soviet press unites in attacking foreign reports that religion is being "persecuted" in Russia and in attempting to silence the papers by the publication of replies to a questionnaire put to the authorities of the Orthodox Church. Pope Pius is criticized by the Russian Orthodox Church leader for his recent encyclical on an "anti-religious" campaign in Russia. Members of the Holy Synod also scored the Archbishop of Canterbury for his attitude.

MINISTRY IN FRANCE IS TURNED OUT

But Predictions Are Tardieu Will Be Asked to Form Another Cabinet

Washington, Feb. 17.—The Tardieu Government decided to present its resignation to President Doumergue at 10 o'clock this evening. Paris, Feb. 17.—André Tardieu, whose Government was defeated to-day, is considered a favorite to be recalled by President Doumergue to form another cabinet, with former President Poincaré running a second choice. Many predictions believe the next Cabinet will have Tardieu as Premier and Poincaré as Minister of Finance.

Liner Lies a Wreck Off Columbia River Mouth

SS. ADMIRAL BENSON

Which at latest reports to-day still was held on a sand spit off the mouth of the Columbia River, where she grounded Saturday night when inbound from San Francisco. The Victoria salvage steamer King is now within half a mile of the disabled craft, but is unable to go any nearer on account of the heavy surf.

Ss. Admiral Benson Exposed To Ocean Off Oregon Coast

Company Officials Give Up Hope of Refloating Liner
Admiral Benson; Steamer Salvage King of Victoria Stands by for Opportunity to Make Survey When Surf Subsides

HISTORY IS TO BE MADE IN SENATE

Thursday of This Week Will See Canada's First Woman Senator Sworn In

Portland, Ore., Feb. 17.—Hope of saving the liner Admiral Benson, aground on Peacock Spit, was abandoned at noon to-day, and all efforts were directed toward the rescue of forty-seven members of the crew still aboard the liner, held fast by the treacherous, shifting sands.

The salvage steamer Salvage King of Victoria, which left port yesterday morning at 6 o'clock, today is at the scene of the grounding of the coast liner Admiral Benson off the mouth of the Columbia River, having arrived there this morning at 3 o'clock after a quick trip, the head office of the Pacific Salvage Company was advised shortly before noon to-day. The message reported the disabled vessel was in the breakers, and that it was impossible to get within half a mile of her. The main exhaust of the ship was broken, the message said, and the engine room was flooded. The surf was heavy, it was reported, and the salvage operators would not attempt to reach the stricken craft until the sea should moderate.

Redemptorist Head Made Local Bishop

Rev. Gerald Murray of Toronto Will Be Consecrated Roman Catholic Bishop of Vancouver Island, With Headquarters at Victoria

Very Rev. Gerald Murray, C.S.S.R., Dominion Superior of the Redemptorist Order in English-speaking Canada, has been appointed head of the Roman Catholic diocese of Vancouver Island, with the title of Bishop of Victoria, according to a press dispatch received here to-day from Vatican City. He succeeds Rt. Rev. Thomas O'Donnell, who left Victoria some months ago to become Coadjutor Archbishop of Halifax. It will be at least two months before Father Murray arrives in Victoria to take over his new position. He will be consecrated Bishop of Victoria in Toronto. Father Murray was appointed head of the Redemptorist Order in Canada in May, 1927. Before that time he was rector of St. Mary's College at Brockville, Ontario, well-known Redemptorist seminary in eastern Canada. He is a native of St. Ann's Parish, Montreal, and is very well known in the east through his affiliations with the Roman Catholic Church there. After a grammar-schooling in his native city, he became a student at (Concluded on Page 20)

SEARCH PARTY FINDS BODY OF EARL BORLAND

Men Continue Hunt For Body of Earl Eielson in North-eastern Siberia

Canadian Press
Point Barrow, Alaska, Feb. 17.—The body of Earl Borland was found last Thursday, wireless advice received here to-day said. The body was covered with five feet of snow and was near the engine, which had been thrown 100 feet from the wrecked plane in which Earl Eielson and Borland were flying to the ice-bound steamer Nanuk November 9. Nineteen men searching for the body of Pilot Eielson resumed work to-day after a three-day interruption due to storms. It was believed Borland was instantly killed when the plane struck the tundra. The body was taken to camp and will be moved to the motor-ship Nanuk to-morrow. It was being flown from Feller, Alaska, to the ice-bound steamer to transport passengers and furs to Nome that the plane crashed. The searchers are working under hazardous conditions, living in tents and snow houses. Pilot Harold Gilliam, flying to the scene of the search, brought back word of the finding of the body of Mechanic Borland.

EFFORT MADE TO IDENTIFY MAN IN JAIL

Vancouver Police Put Man They Hold Following Murder in Station Line-up

Detectives Tracing Every Clue in Slaying of A. A. Johnston

Canadian Press
Vancouver, Feb. 17.—Arrest of one man who is said to answer the description of the killer and attempts to run down a rumor involving a \$1,000 bet and a "double cross" are the latest features of the Vancouver police department's search for the slayer of Archibald Johnston, city racing man and former police chief of Medicine Hat, who was shot to death Saturday in his office on Hornby Street. The suspect was arrested Sunday by Detectives B. E. Quick and A. Murray on the description by A. S. Cox, proprietor of the apartment house where Johnston had his office. The man, who refused to talk, was to face and will (Concluded on Page 3)

Bob Morrison Turns In Brilliant 72 In Empress Tourname

Holder of City Golf Championship in Superb Form in Qualifying Round To-day at Colwood Golf Club; Has Four-stroke Lead on Four Golfers Tied for Second Place; 150 Tee Off, Setting New Record for Event

NAVY PARLEY MOVES WITH LESS SPEED

France's Tonnage Demands Causes Delegates at London to Speak Less Hopefully

London, Feb. 17.—The Five-Power Naval Conference to-day faced a situation which London evening newspapers were describing pessimistically as "serious." France's demand for a naval tonnage of 724,479 has brought from British spokesmen this warning, in substance, to France: "If you persist in your attitude we must consider the necessity of revising our own requirements, which are virtually settled in agreement with the United States." In particular, Great Britain is disturbed by France's claim to the right to build up to 70,000 tons of cruisers so as to compete with the new German super-cruiser type. British observers declare this would reduce the number of her cruisers to fifty from seventy, and might also preclude reducing the number of her battleships to fifteen in agreement with the United States.

Bob Morrison, of the Uplands Golf Club, holder of the city championship, established a good lead among the early scores in the eighteen-hole qualifying round of the second annual Empress mid-winter golf tournament, which started this morning at the Colwood Golf Club. Morrison turned in a brilliant 72, which, with his handicap of three deducted, gave him a net 69. Morrison had a four-stroke lead over J. H. Scott, R. J. Marcus, H. Wilson and G. M. McKee, who all had net totals of 73. A heavy fall of rain greeted the competitors at the first tee, but more than 150 men and women golfers took part. This doubled the entry list of last year. Chief Justice J. A. Macdonald, administrator, opened the event, which is sponsored by the Canadian Pacific Railway, by teeing off the first ball. To-day's play consisted of the qualifying rounds in both the men's and women's handicaps with thirty-two men and sixteen women qualifying for the championship flights. The women teed off this afternoon in their eighteen-hole qualifying round. Morrison's card was brilliant considering the rain and the heavy course. He was remarkably steady, hit a long ball off the tee, his approach was deadly and his putting accurate. There was no roll to the ball, which stopped almost dead on hitting the turf. Par for the course is 70. Even under good conditions a 72 is very seldom scored.

Mrs. Wilson Gives No Interviews

Ottawa, Feb. 17.—"All this publicity overwhelms me," said Mrs. Norman F. Wilson, appointed Canada's first woman senator, to-day to a Canadian Press representative as she declined to grant an interview. Requests for interviews and photographs were pouring in on her, but she declined. This was as her friends had expected.

WOMAN MAKES FIGHT FOR LIFE

Mrs. I. Edwins Gaining, Says Cancer Specialist at San Francisco

San Francisco, Feb. 17.—A bulletin issued by Dr. George K. Rhodes at St. Mary's Hospital to-day stated Mrs. Gertrude Edwins, brought here by plane Friday from Wenatchee, Wash., to be treated with the new Humber-Coffey cancer serum, was "responding very favorably" to the blood transfusion of Saturday and had "passed a good night." "We are trying to give her all the nourishment possible," the bulletin added, "to build up her system so the extract will have a chance to work." A second injection of the Coffey-Humber extract was to be given Mrs. Edwins later to-day, and a second blood transfusion was planned for to-morrow, said Dr. Rhodes, who is attending her during the absence in Los Angeles of Dr. Walter B. Coffey.

Soviet to Hear Church Protest

New York, Feb. 17.—In protest against religious persecution in Russia, Protestant churches of Greater New York will hold a joint service in the Episcopal Cathedral of St. John the Divine on Sunday, March 16.

POLICE INQUIRY IN TERMINAL CITY LATE THIS WEEK

Police to Hear Evidence of Those Implicated in Alleged Fake Crimes

Vancouver, Feb. 17.—A special meeting of the Vancouver Police Commission to hear evidence of those implicated in alleged fake crimes probably will be held at the city hall this week, according to Mayor W. H. Malkin, chairman of the board. The mayor is consulting with other members of the board to decide if they wish Corporation Counsel G. E. McCrossan, K.C., to be present at this meeting. If the commissioners desire the presence of the counsel, the meeting can not be held before Thursday as Mr. McCrossan has left for Victoria and will not be back until Wednesday night. The mayor himself wishes Mr. McCrossan to attend the meeting.

LAST SWIM GROUP STARTS TO-MORROW

Saturday's Entries in Times "Learn to Swim" Campaign Bring List to 500

Following Class on Tuesday, First Group Will Receive Second Lesson

Members of the last group in the Times "Learn to Swim" campaign are anxiously awaiting to-morrow afternoon, when they will be taken to the Crystal Garden for their first lesson. Saturday's entrants for the campaign brought the list up to 500. Great enthusiasm has been shown by the classes that have already taken their elementary exercises and a large percentage of those entered are expected to be swimmers by the time the course closes, according to C. F. Ellison, the Crystal Garden instructor. Each day the youngsters included in the different groups have turned out enthusiastically and have shown a great desire to master the strokes. Keen rivalry is growing up among the boys and girls, who are striving against one another for the honor of swimming first. (Concluded on Page 14)

Canada Outside U.S. Quota Plan

Washington, Feb. 17.—A proposal to place immigration on a quota basis from all countries of the Western Hemisphere except Canada and Newfoundland, was approved to-day by the Senate immigration committee.

A.P. MOORE, AMBASSADOR OF U.S., SUCCUMBS

Los Angeles, Feb. 17.—Alexander P. Moore, recently appointed by President Hoover to the post of United States Ambassador to India, has been placed the fixing of "the day and the hour" when the civil disobedience movement will be launched. A resolution drafted by Gandhi and given him practically sole directing power was adopted Saturday by the All India Congress.

FOUR ARRESTS FOLLOW RIOT

Hammond, Ind., Feb. 17.—Police reserves were called to the headquarters of the Young People's Communist League here to-day after several youths had attacked Detective Sergeant Edward Warner and sought to eject him from a hall in which they were holding a meeting. Madge Kollin, eighteen; Erie Thompson, twenty-one; Paul Bucha, sixteen; and Ernest Garner were held on charges of rioting.

5,000 Arrests Made In Chicago In Nine Days

Chicago, Feb. 17.—The Federal Government has been called into the Chicago crime situation to give police a new weapon for ridding the city of its bad men. Immigration officers to-day and yesterday attended the police show-up for the first time, scanning the parade of suspects to see if there were any subjects for deportation. An investigation into the records of twenty men was a result. The week-end arrests resulted in 1,234 arrests, a record number, bringing the total since the drive started (Concluded on Page 14)

DRAW MADE FOR ENGLISH CUP CONTESTS

London, Feb. 17.—The draw for the sixth round of the English Football Association Cup competition was to-day and announced as follows: Aston Villa vs. Huddersfield Town. West Ham United vs. Arsenal. Sunderland vs. Notts Forest vs. The Wednesday. Newcastle United vs. Hull City. The games will be played on the grounds of the first mentioned clubs on March 1.

NEW PROHIBITION INQUIRY IN U.S.

Washington, Feb. 17.—A research into all phases of prohibition enforcement to gather data which will be presented to President Hoover's Enforcement Commission has been inaugurated by Prohibition Commissioner Doran.

The Women's Auxiliary of St. Mary's Church met on Thursday afternoon at the vicarage, with Miss Blythe, the president, in the chair and a good attendance. Money was voted for material for the sale of clothing to be made by the members for the Indian Coast Mission. Reports were given by the delegates to the annual meeting of the Columbia W.A. A social evening, with cards and music will be held at the home of Mrs. G. P. Weir on Thursday, February 27, and will take the form of a birthday party, and each member will contribute a cent for each year of her age. To augment the funds the members of the W.A. have promised to assemble all the "junk" on their premises and anyone wishing to participate is asked to have any bottles, rags, sacks, old iron or similar articles ready on March 4, when a man will collect them. At the conclusion of the meeting tea was served by Mrs. A. Cann and Mrs. Fergus Reid.

The Junior W.A. members held a Valentine party at the vicarage on Friday afternoon, February 14.

Saanichton

St. Mary's Church, Saanichton, was the scene of a very pretty wedding on Wednesday evening, when Janet Victoria, youngest daughter of Mr. and Mrs. H. Sherring of Keating was married to Charles Henry Borden, youngest son of Mr. and Mrs. Frank M. Borden of Lake Hill. Rev. J. S. A. Bastin officiated and the bride was given in marriage by her father. Mrs. W. Hulme as matron of honor and Miss Winnie Borden as bridesmaid attended the bride.

Mr. Fred Borden supported his brother as best man and Messrs. W. Hulme and Osmond Sherring acted as ushers.

During the signing of the register a solo was rendered by Mrs. M. Mc-

Address on "Gift of Healing"
Given at St. Andrew's
Church Last Night

Rev. Frank N. Riale, D.D., who is giving a series of addresses on the

place of the "Gift of Healing" in the Full Gospel of Jesus," spoke to a capacity audience last night at St. Andrew's Presbyterian Church. He told how "The light came and fire fell that made his own heart realize the greatest discovery and recovery of God's true life message," and that "There is more reason for a man being sick than a sinner, for it is the goodwill of the Almighty is that we be freed from all our sins and healed of all our diseases."

Dr. Riale will speak for the next three nights at St. Andrew's Church at 8 o'clock under the auspices of the

Guild of Health of the Episcopal Church of Canada.

Colwood

The silver challenge cup donated by the Colwood Women's Institute will be competed for by the Goldstream, Sooke, North Sooke and Colwood Schools, in the new mixed basketball league just formed. Two games will be played weekly, Monday and Thursday, by each team. The schedule as drawn up by L. G. Matthews, principal of the Happy Valley School, calls for

the first games to be played Monday, February 24, when Goldstream will play at Colwood, and Sooke will play North Sooke.

The challenge cup being competed for will be held by the winning team for one year and if won by the same team for the three successive years they will retain the cup.

The Colwood team have been granted the use of Colwood Hall for practice game, and the basketball committee are grateful for the co-operation of E. W. Robinson of the Colwood Hall committee and to G. M. Piercy for time spent, in placing wire baskets in position, also to E. P.

Cameron, fox breeder, Albert Head Road, for donations of wire screens.

Keating

A turkey supper and dance will be held by the South Saanich Women's Institute in the Temperance Hall on Monday evening. Pitt's orchestra will supply music for dancing from 9 to 1. Supper will be served at 8 o'clock.

The February meeting of the Ladies' Aid of the South Saanich United Church was held in the church parlor on Thursday afternoon. Miss L. De-

ing presiding. Arrangements were made for the St. Patrick's tea and sale of work to be held in the church on Monday, March 17, from 3 to 5 o'clock. There will also be a musical programme in the evening, when Rev. Dr. Wilson of the First United Church will give an address. Refreshments were served at the close of the meeting.

BURNS CAUSE DEATH

Los Angeles, Cal., Feb. 17.—Edgar F. Davis, Long Beach, died last night after bathing his feet in a pan of alcohol. The alcohol caught fire from an open gas heater standing near by and in-flicting fatal burns upon Davis.

BEAUTYREST

Every hour on Beautyrest is sixty minutes of deep refreshing slumber, the kind of sleep these high-speed days demand.

Beautyrest comfort comes from hundreds of sensitive little coil springs buried between layers of pure white cotton that conform to every curve and movement of your body.

Beautyrest charm is evident in its rich Jacquard Damask cover with all-over design in dainty pastel shades as well as in the trimness of its tailored pocket edge.

No bedroom comfortable . . . and beautiful . . . is complete without Beautyrest.

At \$42.50

**SIMMONS
BEDS mean . .
beauty as well**

Sleep-inducing comfort is the first essential of a well-planned bedroom. Assure it at the very outset with Simmons Beds, built for sleep.

Then . . . come the other furnishings, to blend or contrast with the Simmons model and colouring you have chosen.

What scope this pleasant furnishing method offers. It lifts your bedroom at once from the commonplace. Your taste and personality reflect in every corner.

This beautiful . . . and comfortable . . . bedroom is indeed your very own, from the lovely restful Simmons Beds to the last deft touch of piquant drapery.

You can furnish this way with moderate budgets, starting with Simmons Beds, Springs and Mattresses and adding new pieces . . . bedside table, dainty pictures and so on . . . at intervals.

Ask your furniture dealer to show you his display of Simmons Beds, Springs and Mattresses . . . and furniture to go with them.

SIMMONS

Beds - Springs - Mattresses - Pillows
BUILT FOR SLEEP

This delightful bedroom is distinguished by Simmons Beds No. 245. Lamp, table and armchair tend toward the modernistic, yet blend perfectly with the bed.

The SLUMBER KING SPRING

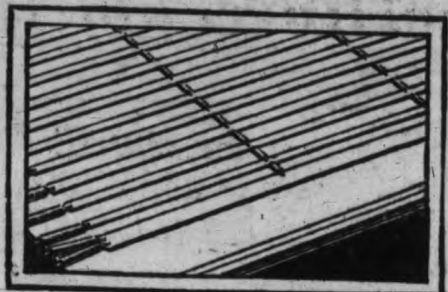

Slumber King has twenty-six broad ribbons of steel, "spring-suspended" from each end of the sturdy pressed steel frame. Four rows of strong coil springs hold the steel ribbons in place. This rigid yet pliant construction is sag proof.

Slumber King is built to box spring height for distinctive daytime appearance and easy bed making.

Extra wide "rolled edge" border strips give added strength and protect covers and sheets from tearing.

It lasts a lifetime yet costs

Only \$12.00

What This

Does For You!

It induces you to save on a scale that you yourself have set after due deliberation.

It joins your savings with those of others in a co-operative investment that is big enough to secure all advantages, and puts your savings in the hands of those whose business it is to know what you cannot know about investments.

It gives your savings the safeguards provided by Dominion laws affecting life insurance funds.

It leaves you free to give your whole time and thought to further earnings, saving you all anxiety and vexation incident to the safe investment of money.

It overcomes the uncertainties of your earning power and provides for such modifications as circumstances require, making sure you get all your investment calls for, even if you fall short of your original intention.

Best of all, and in addition to it as a means of saving, it plays the role of a fairy godfather to dependents who find themselves cast upon their own resources through the premature death of the one who provides.

It is the easiest, surest and most satisfactory way to save—and keep on saving—for those who have no dependents, and it is even better for those who have.

There is an Imperial Policy that will just suit your requirements. Write for particulars today.

WHEAT AT WINNIPEG GOES TO NEW LOW LEVEL FOR SEASON

(Continued From Page 1)

The opening decline of 2 1/2 cents was met by concentrated buying cred-

ited to a large interest," said The Evening Bulletin, "but when this subside the market keeled over again to break 2 1/2 cents under Saturday's close, and not only registered a new low point for the season, but dropped to a level where the recently promised guarantee of the three Provincial Governments came nearer a reality."

Wheat Pool officials, queried on the statement that their margin was being approached by the falling market quotations, refused to make any statement other than that no one outside the Pool had knowledge of the amount of money owing to the banks.

It is known a payment of \$1 a bushel has been made to pool members, basis No. 1 Northern at Port William, and that the lending banks exact a fifteen per cent. guarantee, but further ad-

missions have been made neither by the Pools nor the banks.

Canadian Press BACKED BY PROVINCES

Winnipeg, Feb. 17.—Banks which have loaned money to the Wheat Pool have not made advances to the Manitoba Government, asking that the guarantee of fifteen per cent. margin be maintained, stated Premier John Bracken today. He gave assurance that this province, in co-operation with Saskatchewan and Alberta, stands ready to carry out the undertaking to guarantee the Pool's loan margin should prices decline to levels necessitating such action.

With one man held to face a line-up, the police are abating their efforts to solve the mystery. They believe positive identification of the suspect is the only thing which can definitely link him with the case.

The work of the police has been somewhat hampered by conflicting descriptions of the gunman given by persons who were outside the Horbury Street building when the killing was done. They saw the man leaving there immediately after the shooting. The police still pin their faith to the description given by Mr. Cox, which is partly corroborated by his wife.

Over the week-end detectives combed the city in search of men connected with the bookmaking fraternity. All those found were closely questioned.

Several men were taken to police headquarters for investigation in connection with the case, but the man who was outside the Horbury Street building when the killing was done, they saw the man leaving there immediately after the shooting. The police still pin their faith to the description given by Mr. Cox, which is partly corroborated by his wife.

Local Boy Going Ahead With Plans For Strait Swim

Plans for his proposed swim from Port Angeles to Victoria, commencing at 1 a.m. July 4, weather permitting, were divulged by Teddy Slingsby, of the Crystal Garden Amateur Swimming Club, this morning following a recent visit to the Port Angeles Chamber of Commerce.

In conference with the tides expert at Port Angeles, Slingsby worked out a system whereby he hopes to take full advantage of wind and tide for his attempt at the tricky Straits. According to data he received, he found the tide would be running out for five hours following his proposed start. It would then commence a slow run in, which would facilitate his course. While the unable to estimate how the winds will blow when he makes his try, Slingsby stated his advisor in the weather bureau had said that during the five years a breeze had been blowing from the southwest on that date, as the guest of the Port Angeles Chamber of Commerce, Slingsby was introduced to several men interested in the swim and spoke with a representative of the U.S.S. Snubnosh. The latter stated that the ship would be prepared to pilot the Victoria boy across the Straits. The representative of the Standard Oil Company promised him special grease for body when he attempts the grind, and the Port Angeles Chamber of Commerce promised him any assistance in its power.

WOULD TAKE OVER TEN HOURS

According to Slingsby's estimates, the successful crossing of the Straits would take between ten and fifteen hours.

As far as the cold water is concerned, the Victoria boy has no fear of its rigors.

He proposes to commence his training at the beginning of March and plans several long outdoor swims in the waters around the city to get himself into shape. Three weeks before the race Slingsby purposes to go across to Port Angeles and round off his training there.

In order to take full advantage of the early morning tide, he will start his swim from the Sand Spit which forms the Port Angeles Harbor.

BILL DAVIES MANAGER

On Saturday morning, the aspirant for the Strait swim interviewed W. L. "Bill" Davies, well-known sports promoter of Victoria, with a view to securing the latter as his manager.

Slingsby is the ideal type of swimmer for such an attempt. He has an easy stroke and plenty of buoyancy. His staying powers in cold water were evidenced last year when he remained in the Willows Bay for ten hours without grease.

At present he is seeking a trainer to direct his practicing during the spring and early summer and hopes to have his workouts mapped out by the middle of March.

IS QUITE SERIOUS

Only one fact seems to bother Slingsby. He has found throughout his campaign that people did not take his proposed channel swim seriously. "I have gone into project with my heart and soul," he stated this morning, "and see no reason why I cannot accomplish the feat although no one else has attempted it before, and as the tides are exceptionally strong between the island and mainland, several people are counting the days against me, but I hope to be able to accomplish my object before the summer is through."

WATTIE TRIAL SET TO-MORROW

A third charge against Robert Wattie was read in City Police Court this morning. He was charged with having obtained possession of a cheque for \$694.68, drawn by the Pacific Salvage Company, well known to have been stolen.

The hearing against Wattie will open to-morrow morning.

EFFORTS MADE TO IDENTIFY MAN IN JAIL

(Continued From Page 1)

face an identification line-up at police headquarters.

Cox, who was forced downstairs from Johnston's office at the point of an automatic pistol, the hand of the murderer, gave a good description of the wanted man.

With one man held to face a line-up, the police are abating their efforts to solve the mystery. They believe positive identification of the suspect is the only thing which can definitely link him with the case.

The work of the police has been somewhat hampered by conflicting descriptions of the gunman given by persons who were outside the Horbury Street building when the killing was done. They saw the man leaving there immediately after the shooting. The police still pin their faith to the description given by Mr. Cox, which is partly corroborated by his wife.

Over the week-end detectives combed the city in search of men connected with the bookmaking fraternity. All those found were closely questioned.

Several men were taken to police headquarters for investigation in connection with the case, but the man who was outside the Horbury Street building when the killing was done, they saw the man leaving there immediately after the shooting. The police still pin their faith to the description given by Mr. Cox, which is partly corroborated by his wife.

PERMIT ISSUED AT CITY HALL FOR NEW STORE

Kresge Block to Rise on Douglas Street to Cost About \$140,000

General Contract Awarded to Smith Brothers & Wilson, Vancouver

A permit was taken out at the City Hall this morning for part of the work in connection with the erection of a fine two-story reinforced concrete block at the north-west corner of Douglas and Fort Streets, for the S. S. Kresge Company Limited.

The permit issued to-day comprises the general contract, in the hands of Smith Brothers & Wilson, of Vancouver, builders of the Panama Pacific Grain Terminal elevator at Ogden Point. The permit figure is understood to have been between \$130,000 and \$140,000. Subcontracts are now under consideration, and independent permits will be taken out for each phase of the work, it is indicated.

The general plans called for a two-story structure, with a full basement, to be built with sufficient strength in the foundation and footings, to stand the addition of four extra stories at a later date, should that become necessary. The window treatment will be new to Victoria, and many modern improvements generally will be part of the plans for various other phases of the work.

The new store block will have a floor area of 24,000 square feet. The site was acquired from Boecowits estate last year at a figure in the neighborhood of \$250,000. The new store will be ready for occupancy in July.

FRUIT POOLING AGAIN DEBATED

Growers Get Nearer to Agreement on Market Act Amendments

Amendments to provide for pooling of proceeds from British Columbia fruit and disposition of the surplus crop were again debated in the agriculture committee of the Legislature this morning with the Produce Marketing Act under consideration.

Following meetings in which the general principle of pooling was opposed by independent growers who had no word to say in the disposition of them. Emergencies were cited as the fight last year against the elimination of the dump duty.

Other amendments were before the committee. One strengthening the clause forcing Chinese to keep records in the English language, was proposed. Another based on a resolution of the British Columbia Fruit Growers' Association, giving the committee power to use growers for funds in case of an emergency was opposed on the grounds that it would put into the hands of that organization funds subscribed by other growers who had no word to say in the disposition of them.

Emergency measures were cited as the fight last year against the elimination of the dump duty.

DUTCH AND SWISS ARE GOOD BUYERS

Buy \$50,000,000 Worth of Canadian Goods Annually, Says J. C. Macgillivray

J. C. Macgillivray, Canadian trade commissioner at Rotterdam, who arrived in the city to-day to meet business interests, says there is a growing market for the products of this country in Holland, Switzerland and western Germany. Mr. Macgillivray is making his headquarters at the Empress Hotel.

The Netherlands, Switzerland and the Rhine Valley territory, which come within Mr. Macgillivray's jurisdiction, purchase \$50,000,000 worth of goods yearly from Canada, he said. Holland, with a per capita purchasing power of \$234 and largest with \$223 are among the largest purchasers in Europe. With a population of approximately 40,000,000 the Rhine Valley, despite intense competition, is becoming an increasing purchaser of Canadian goods.

Canada is the granary of the Swiss Republic, supplying eighty-five per cent of her wheat, this trade having been won from Russia after the war.

PRODUCTS NEEDED

Coarse grain cereals are heavily imported from Canada by Holland, Switzerland and western Germany, British Columbia being chiefly interested in supplying lumber, Okanagan apples and fish products such as canned salmon, pickled herring and frozen salmon.

Douglas fir from this Province is extensively used in the manufacture of the Rhine Valley, according to Mr. Macgillivray.

Eastern Canadian manufacturers supply Holland with manufactured products such as washing machines, vacuum cleaners, wall paper, writing paper, hardware, wire-fencing, clothing, rubber and motor goods. While there is no great stimulation of industry, there has been a noticeable improvement in general conditions in western Germany since the adoption of the Young reparations plan, said the trade commissioner.

By reason of the prowess of her athletes, Canada secured a tremendous amount of excellent advertising in the Netherlands and other countries of Europe, during the Olympic Games held in Amsterdam and incidentally enhanced this country's trade connections, in the opinion of Mr. Macgillivray.

Canada is well known in Holland and Switzerland, and there is a steady flow of immigrants from those countries.

Mr. Macgillivray is a graduate of Queen's University in arts and commerce. He was appointed assistant trade commissioner at Hamburg in 1927, and subsequently was assigned to his present post at Rotterdam.

This forenoon Mr. Macgillivray called upon T. J. Goodlake, secretary of the Victoria branch of the Canadian Manufacturers' Association. He will be pleased to meet representatives of firms interested in the development of business in his territory.

Appointments to meet Mr. Macgillivray should be made through the Victoria Chamber of Commerce or the Victoria branch of the Canadian Manufacturers' Association.

kan, Wangell and Melakatis, will arrive in Victoria on the Wednesday afternoon boat from Vancouver. They will be given a civic reception and will be taken on a sightseeing tour of the city at 4 o'clock. At 6:30 the visitors will be the guests of the Citadel Band at dinner and will then proceed to the Chamber of Commerce to give their concert.

Not only will the Indians be heard in a programme of instrumental music but they will also give several vocal numbers.

Many of the members of the band are making their first trip to the "out-lands" having been born and raised in Alaska.

The appearance here of this picturesque group is anticipated with considerable interest.

Furniture Sale

OUR ANNUAL SALE IS NOW ON!

A complete stock of Furniture, Bedding, Carpets, Linoleum and Draperies awaits your inspection, priced at bargain prices for quick sale. Come and get an early choice of the bargains we offer. Terms arranged if desired.

HISTORY IS TO BE MADE IN SENATE

(Continued From Page 1)

Canadian Press

Ottawa, Feb. 17.—Mrs. Norman Wilson, of Ottawa, Canada's first woman senator, will be sworn in on Thursday of this week, the opening day of the 1930 session of Parliament.

The appointment was announced by Premier King Saturday evening.

CEREMONY OF INTRODUCTION

The practice in the Senate in past years—and it is presumed it will be followed on this occasion, although there is no hard and fast rule about it—has been for the newly-appointed member to be introduced almost immediately after the Governor-General has read the Speech from the Throne, where at the table the clerk will administer the oath of allegiance and the oath of office. After that she will be introduced to Hon. Hewitt Bostock, Speaker, and will then be accompanied to her seat. Her title will be Honorable Cairine Wilson.

THE TWO FIRST

The Macs have it. Agnes MacPhail was the first woman elected to the House of Commons and Mrs. Wilson, a Mackay, a daughter who following in the footsteps of her father, the late Senator Robert Mackay of Montreal. Although the mother of eight charming children, she will be among the youngest of the Senators.

Norman Wilson, husband of the newly-appointed Senator, is a prominent lumber man of Ottawa. He was formerly member of the House of Commons for Russell and unsuccessfully contested one of the Ottawa seats in the Liberal interests in the election of 1925.

A woman of culture and affluence, Mrs. Wilson has always avoided publicity even in her charitable work, of which she has done a great deal.

GREAT INTEREST

Few public acts had been awaited with so much expectancy as the selection of the woman to have the honor of being the first of her sex to hold a seat in the Senate. A couple of years ago the question of whether the provisions of the British North America Act permitted the appointment of women to the red chamber was referred to the Supreme Court of Canada. The Supreme Court, after listening to extensive arguments, came to the conclusion it was not the intention of the act that the word "person" in the clause relating to those eligible for

A RECORD BUILDING YEAR

ACCORDING TO INFORMATION tabulated by the Dominion Bureau of Statistics, the value of the building authorized by sixty-one cities during 1929 was greater than in any other year since this record was commenced in 1920, aggregating \$234,944,549, compared with \$219,105,715 in 1928, \$184,613,742 in 1927, \$156,386,607 in 1926 and \$125,029,367 in 1925. These totals are based upon revised statistics furnished by civic officials.

The noteworthy increase in construction, as indicated by the authorizations of the sixty-one cities, was also reflected in the bureau's index number of employment in building, based upon returns from some 600 contractors employing an average payroll of 51,851 persons. This index, based upon the average employment in 1926 as 100, averaged 153.3, as compared with 112 in 1928. Last year's mean was the highest in the record, which goes back to 1920. Further, the activity in building during 1929 had a stimulating effect upon the industries related to construction, notably upon lumber, clay, glass and stone, and structural iron and steel works, in which employment was at a considerably higher level than in previous years. According to the MacLean Building Review for January, 1930, the value of the contracts awarded throughout Canada was \$576,651,800 in 1929, compared with \$472,032,600 in 1928, an increase of 22.1 per cent. An analysis of the value of contracts awarded according to the intended use of the buildings to be erected shows that there were slight declines as compared with 1928 in the contracts awarded for business, industrial and residential building, while there was a large increase in those for engineering projects.

The following table gives the value of the building authorized by the sixty-one co-operating cities during the ten years for which data is available:

Year	Value of Building Permits Issued	Index Numbers of Value of Permits Issued (1920-100)
1920	\$117,019,622	100.0
1921	116,794,414	99.8
1922	148,215,407	126.7
1923	133,521,621	114.1
1924	126,583,148	108.2
1925	125,029,367	106.8
1926	156,386,607	133.6
1927	184,613,742	157.8
1928	219,105,715	187.2
1929	234,944,549	200.8

According to these figures, building in 1929 was over 100 per cent. greater than in 1920, while the wholesale cost of building materials continued considerably lower. On the other hand, wages in nine building trades showed general advances in the thirteen cities upon whose rates computation is based.

The British Columbia aggregate of \$27,187,087, incidentally, was 11.1 per cent. larger than in 1928, and was also higher than in any previous year since 1920. The seven cities reporting in this province issued 11.6 per cent. of the total for the Dominion, as compared with 11.2 per cent. in the preceding year.

THEY SHOULD COME TO CANADA

SWITZERLAND HAD HER TROUBLES during the war. The chief source of her annual wealth, her tourist trade, practically disappeared, and it was not until Europe began to sort itself out of the mess into which four and a half years of strife had landed it that the alpine republic saw relief in sight. But it appears she is in a bad way again; she is suffering from a very serious shortage of snow, made worse by a thaw which is described as more or less permanent. Reports say that skiing, except at high altitudes, is out of the question, as a result of which hundreds of holidaymakers who had gone for the winter sports have returned home in despair.

Correspondents are now suggesting that this is Canada's opportunity to draw the winter tourists who every year stay weeks at a time in Switzerland and pour thousands of pounds into the tills of Swiss hotels. The exodus of these holidaymakers from Great Britain alone represents a very considerable movement, and it is almost wholly confined to the wealthy. But to most of them probably the suggestion they should come to Canada would seem like telling them to go to the North Pole. Yet in less than a week they may reach the finest skiing in the world, hills unsurpassed, and an incomparable winter climate. If there are any empire enthusiasts among the thousands who go from Britain to Switzerland every year, moreover, they would have the satisfaction of knowing if they came to Canada, they would be keeping their money in empire circulation.

BEAUTIFYING THE PRAIRIES

OF INCREASING INTEREST ARE THE steps taken by thousands of farm and town home-makers in the prairie provinces of Canada to adorn the landscape around their dwellings. The Dominion Experimental Station at Morden, Man., where horticultural projects are the major feature, has paid considerable attention to landscape treatment.

Nature is a reliable guide. She gives many trees, shrubs, vines and herbs of charm, and in considerable variety. These are reliable, being aboriginal, and are, therefore, hardy and adaptable. Some of them, such as willows and elms, thrive in low, damp places; others, such as junipers, silverberry, buffalo-berry and aspen poplar, do well in dry, exposed, sandy places, and most of them live and thrive on normal level prairie land, especially when sheltered. Tree growth is mostly in bluffs or small islands,

and undergrowth in and about these tree patches tends to be attractive throughout the changing year. The shrubs forming the accompaniment of poplar, willow, box elder, green ash, oak and elm areas make a considerable list. Some have their greatest beauty in the spring when the bloom is on them; others are prominent in summer because of their foliage or bright fruit. Prairie roses, on account of their flowers and brilliantly-colored foliage, are much in favor; and a few, such as red dogwood, have a rich, colorful effect all through the winter.

Some discussion has taken place on the subject of lines of form. The general contour of the prairie is of horizontal and gently rounded lines. The horizon, the shrubbery, the poplar bluffs, and other natural phenomena, are mostly of this description. To attain and retain harmony, it is well to employ as much as possible material that carries out local requirements and motives. Some people bemoan the fact that Lombardy poplar, with its narrow, cylindrical, pole-like contour, is not generally hardy. Its unadaptability, however, may be a blessing, as such figures on the flat, open plains are certainly foreign to the scene. On the other hand, trees with spreading, horizontal branches, such as many of the hawthorns, viburnums, native plum, sand cherry, red elder, ural willow, smooth sumach and common juniper, are of suitable prairie form. Shrubs with flat, umbel-like blooms, such as pin cherry, dogwood, some spiraea and mountain ash are of merit in accentuating local contours and scenes.

Nature shows the more tender material in sheltered spots. Native plums, which would be badly wrecked by winds when heavily laden with fruit, are found in ravines, along the banks of streams, and in moist woods. A family of hackberry, probably developed from seeds brought by birds from 400 or 500 miles south, are doing well at Delta, Man., and include some large and beautiful trees. It should be remembered, however, that this little colony grows in a favored spot on the southern shore of Lake Manitoba.

GOOD NEWS FOR MOTORISTS

TO DR. J. C. W. FRAZER OF JOHNS Hopkins goes the credit of having taken the deadliness out of the carbon-monoxide gas in the exhaust of the automobile. The device which he has developed is to take the place of the usual muffler, operating to feed more oxygen to the monoxide, turning it into a harmless dioxide—the familiar "carbonic acid gas" of the soda water fountain.

A Science Service publication quotes Dr. Frazer as saying that an automobile equipped with his device could be run in a closed garage without danger from carbon-monoxide poisoning. Automobiles, of course, will appreciate the importance of this claim, since carbon-monoxide—which is odorless, colorless and tasteless—swiftly in small concentrations, takes many lives each month through the carelessness of motorists in failing to open garage doors before warming up their engines.

Although Dr. Frazer has not yet revealed the exact nature of the material that transforms the deadly poison into the harmless dioxide, we are told it is known that it is a catalyst, a substance that causes a chemical reaction without itself participating. It is similar in action to the catalyst consisting of manganese dioxide and copper oxide that was an outgrowth of chemical warfare work by Dr. Frazer and a laboratory staff during the World War. Fire departments and mine-rescue squads use gas masks today that rely on this war-time catalyst for purifying the air of carbon-monoxide.

The article dealing with the Frazer device says laboratory tests and thousands of miles of road-testing convince the inventor that a canister of the catalyst substituted for a regulation muffler will not only deaden the noise of the engine explosions, but remove all the unburned fuel gases in the exhaust, the ill-smelling ones as well as the deadly carbon-monoxide.

WHAT OTHER PAPERS SAY

EDUCATION AND THE RADIO
Agricultural and Industrial Progress in Canada (C.P.R.)

For some years the growing influence of the radio on rural life has been recognized for the important medium that it has proved itself to be in opening up a new phase of life to people resident at lesser or greater distances from urban centres. News, market reports, programmes of entertainment, church services—all the features of radio broadcasting available to city dwellers are likewise at the disposal of people in the country. To people in sparsely settled districts the constructive contribution of radio to daily life is of especial significance.

RADIO ON THE FARM
The Montreal Herald

Everywhere in Canada the radio is becoming part of the equipment of the farm, while in the United States there are more radio sets on farms than there are sets in all of England, Germany, France, Japan or any other country.

Agriculture cannot be so badly off as the dirt-farmer would have the public believe, if 2,512,000 farm homes in the United States and a proportionate number just as high in Canada can afford radio sets averaging in cost more than \$100. In the good old days on the farm, when farm folk were conceded, even by themselves, to be God's chosen people, the most prosperous tiller of the soil would have considered the expenditure of such a sum for entertainment wondrous waste.

BUSINESS IN THE OPEN
The Toronto Globe

Acting under orders from the government, the Board of Railroad Commissioners announces that in future public hearings will be held concerning applications affecting the capital stock of the Bell Telephone Company of Canada. The rules and regulations of the board have been amended, and now provide that in such cases applicants "shall give public notice of such application in The Canada Gazette during two consecutive weeks, and the application will not be considered or dealt with by the board until after the expiration of fifteen days from the date of the first publication of said notice." In the meantime the government is to be commended for seeing to it that the important business coming before this body is dealt with above board, and with a single eye to the interests of the public, which it is expected to protect. Whether it be the Bell Telephone Company, or any other organization that seeks before the board betterment of its private affairs, there must be an end to the secret-session method of deciding upon the merits of the application.

A THOUGHT

Flee also youthful lusts; but follow righteousness, faith, charity, peace, with them that call on the Lord out of a pure heart.—St. Timothy II:11.

So long as lust (whether of the world or flesh) smells sweet in our nostrils, so long are we loathsome to God.—Colton.

Across the Bay

We start the fourth week wondering how many more there will be—and not knowing that, or anything else, as well as the people on the outside—for while we think we have found the great issues, like Mr. McEwen, we never know what will turn up.

By H. B. W.

THE SEVENTEENTH Legislature of British Columbia has been sitting here now for three weeks, normally, half a session; but regarded from the viewpoint of members who are sunk without trace in its business, the session seems hardly to have begun. Reckoned on its outward aspects, the session might easily last another twelve weeks, at its present rate. But as the one certain point in this whole business is the uncertainty of the reckoner nearest the session, such calculations are bound to be wrong. In some miraculous fashion this session will suddenly speed up one of these days and gallop to a finish before anyone realizes it.

THE UNCERTAINTY of all reckonings by those on the inside is one of the most extraordinary features of our form of government. The longer and closer one is on the inside the better one knows how little one really does know. This has been strikingly illustrated in the last two weeks across the Bay, for among members who have been too close to it all, you will find the most amazingly distorted views of the entire proceedings.

WITH THE BEST intentions in the world, a member of Parliament in the thick of battle cannot help getting his perspective twisted entirely out of shape. Pursuing one idea, whether it be an attack on the government or a defence of the government, he finds this matter looming up as the one vital issue of the session, whereas the public is probably wondering what it is all about. Thus in the last week we found leaders of the government and the opposition arguing for three hours or more to determine whether a certain notorious pig was killed at government expense or private expense, and in the atmosphere of the legislative chamber this became a burning question. Thus, too, the traveling expenses of a minister of this government agitated a Liberal member, while a Conservative member was in great distress over the traveling expenses of a minister of the former government.

On the whole, I suppose, the worst judge of the progress of the session is the man in it, for, like the soldier in a great army, he necessarily sees his part of the battle rather than the whole thing.

TO US ON THE INSIDE, then, to be reliable, the important issues which have crystallized in three weeks of legislation are, briefly, as follows: Liquor, taxation, fisheries and agricultural problems. Those, I say, are the issues which seem of greatest importance to us on the inside; the electors may have other ideas altogether.

THREE WEEKS of legislating have gone and these ideas have crystallized, but that is about all. We have no new light on them, only enough to throw them up into sharp relief against all those smaller things which take so much time. Thus on liquor we know, or think we know, only that the government is going to add two men to the Liquor Board, and perhaps make it responsible to the cabinet instead of the Legislature. We hear much, too, of an effort to revise liquor prices downward, to deal harshly with the brewers and otherwise establish a new kind of millennium in this ever-shifting world of liquor. We await this event with composure.

AS FOR TAXATION, we know less than when we started; for at least when we started we thought we knew that there was nothing to know. Now we cannot be sure. On one side is the government desperately in need of revenue and thinking in its secret heart that the municipalities are much better off than it is. On the other side are the municipalities demanding more of the government's money and wondering quite openly what the government does with all the funds it collects from the taxpayers. On a third side the government proposes to relieve farmers from taxation by rebates of some \$200,000 a year without increasing taxation somewhere else to get the money. On a fourth side leading Conservative members are demanding reductions in taxation, and on a fifth side it seems to be taken for granted that the gasoline tax will be increased. Altogether it is too much for an ordinary mind to grasp. The ordinary mind, however, can grasp one thing, and that is perfectly certain of it—the people of British Columbia as a whole are not going to pay less taxes for a long time.

IN THESE last few days the Parliament Buildings have been filled with weather-beaten fishermen from up the Coast, who have come to tell the House that if the government carries out its monopolistic fishery policy they will be wiped out of business. Whether they succeed in their protests or not, they have shown the House already that this is a grave business, a tremendous business involving about half

Kirk's Wellington Kirk's Sootless

Are Coals for every purpose.

"Does Last Longer"

KIRK COAL CO. LTD.
1124 Broad Street Phone 139

the fishery resources of Canada. Perhaps never before has a provincial government attempted such an experiment with a huge natural resource, and the wonder of it is that such a scheme could have been put into actual effect with so little fuss about it. The fuss apparently is coming now, and will be ample from all appearances.

ALSO WE have had with us this week the farmers from the green and pleasant land of Okanagan, where there has been tribulation these many years. Every year the Okanagan farmers come here to ask for the Legislature's help, and the Legislature seems to be about evenly divided, without regard to party, between the opinion that the Okanagan farmers only need to work to make themselves prosperous, and the contrary opinion that the country must come to their rescue or see the fruit industry perish. At this time we seem to be closer to the heart of this issue than ever before. We are about to receive a report on it from Sanford Evans, the very able investigator who has been trying to find out what it is all about, and we are also considering a scheme to pool the over-sea shipments of Okanagan apples and handle them like the grain of the great Canadian Wheat Pool. If out of these things something can be done to put the Okanagan on its feet again, sessions of the Legislature should be reduced in length each year by about two weeks.

THESE ARE the larger issues as they seem to us across James Bay at the beginning of the fourth week of legislation. Before the fourth week or any part of it is over they may all be dwarfed by something else appearing suddenly from nowhere, just as the Norman Watt case last week made everything for a time seem trivial by contrast. The ways of parliament are strange, and the best way to see and understand them is to watch them from a distance.

THE WEATHER
Daily Bulletin Furnished by the Victoria Meteorological Department

Victoria, Feb. 17.—A pronounced low pressure area is centered over the Gulf of Alaska, and is causing unsettled weather over this Province.

REPORTS

TWENTY-FIVE YEARS AGO TO-DAY

THE VICTORIA DAILY TIMES, FEBRUARY 17, 1905

Weather Forecast—Victoria and Vicinity—Northerly and easterly winds, generally fair and warmer.

The sitting of the Legislature this afternoon was confined largely to the consideration in committee of the bill to consolidate and amend the law for preventing frauds upon creditors by secret bills of sale of personal chattels. Again there was little prepared by way of business by the government.

A hotel for tourists visiting Quatsino is projected. There is no better hunting or fishing grounds on the Coast than Quatsino, and it is believed that run in conjunction with the new hotel in this city, will prove a strong attraction to summer tourists.

J. L. Beckwith and C. F. W. Schwengers arrived from Vancouver on the new steamer Princess Victoria last evening.

J. P. Babcock, Provincial Commissioner of Fisheries, arrived from Seattle by the steamer Princess Beatrice yesterday.

Sealing schooners which have left for the west coast to secure Indian hunters before visiting the hunting grounds have not yet shipped their crews. The Queen City, which has just returned from the Coast, met the Libbie at Ahousat and the Dora Siewerd at Clayoquot, the captains of both of which are still looking for native hunters.

To-morrow morning the Victoria High School ladies' grass hockey team will meet the Nanaimo ladies at the Coal City.

BALDWIN SEES BIG GROWTH IN THIS COUNTRY

By Thomas T. Champion, Canadian Press Correspondent

London, Feb. 17.—"I believe Canada before many years will be the first of the Dominions to evolve into a great manufacturing country," declared Rt. Hon. Stanley Baldwin, ex-Premier of Great Britain and chief of the Conservative opposition, in a speech in Belfast Saturday.

"The prospects for Canada's future are boundless," said Mr. Baldwin, "and you in this great Ulster have helped largely in the development of Canada into the mighty Dominion she is today."

FREE TRADE

"The most helpful approach to bringing closer the ties between the Dominions and ourselves," continued Mr. Baldwin, "is to be found in industry. Free trade within the Empire is truly a great ideal, but free trade within the Empire is practical, hard-headed politics. While we do not know how far we may be able to go at the start, I believe we could be of great assistance to the Dominions in the development of their industries and such assistance should be given in way of development of our own industries. This is the only way I can see whereby you may work toward the conception of the Empire as a unit. 'Until you have that idea well in mind,' said Mr. Baldwin, 'you cannot begin to approach the wider subject wherein so much interest has been shown of late, namely the possibility of having your unit protected against the world with free trade inside its boundaries as there is free trade within the United States.'"

"Nothing would please me better than to see in operation this great conception. But the last words rest not with us but with the Dominions."

NEW BOARD OF GOVERNORS IS ELECTED BY ELKS

With Reginald H. Loft as president, the new board of governors elected by the Victoria Elks Club is composed of R. W. Watson, A. D. Findley and Douglas B. Grogan from the lodge, and Master Gunner H. Collings, J. W. Lorrimer and Alderman Alex. Peden from the membership. Master Gunner Collings is also the vice-president.

Satisfactory progress by the club is shown in the annual report, reviewing activities of the last twelve months.

New Real Estate Trade Control

Toronto, Feb. 17.—With the intention of securing the same control over real estate dealers and their transactions as it now has in respect to stock-brokers, the Ontario Government, at the present session of the Legislature, will introduce new legislation to prevent frauds against the public.

Authority to register real estate dealers and their salesmen, to investigate transactions and to initiate actions against offending companies or individuals will be given Attorney-General W. H. Price.

PLANE PILOT IS KILLED IN AUTO CRASH

San Diego, Cal., Feb. 17.—James W. Buckley, a licensed transport aeroplane pilot with 1,800 flying hours to his credit, was fatally injured in an automobile crash late Saturday evening, five miles east of Ramona. His companion, Dean Reuck of San Diego, was seriously injured. Buckley had lived at La Jolla, Cal., and is said to leave a widow and two children. The wreckage of their car some time after the crash, and Buckley died before he could be taken to a doctor's office in Ramona.

PRAIRIE DEATH SENTENCE

Ottawa, Feb. 17.—There will be no interference with the death sentence passed on Herman Revinsky, alias Rabin, now in confinement at Maple Creek, Sask., after being convicted of murder. The date of his execution is February 19. John Posowesty, of Wynyard, Sask., has been granted a reprieve and his execution postponed.

ROYAL TRUST SHOWS LARGE GAIN IN YEAR

In Annual Report Sir Charles Gordon Tells of Remarkable Growth of Company

Montreal, Feb. 17.—"We have grown from an experiment to an indispensable part of the financial fabric of the country. We may look forward to the future with confidence in the knowledge that we are in a position to render valuable and efficient service, that the trust company idea is firmly implanted in the mind of the public, and that the wisdom of making use of the facilities of a trust company is becoming fully recognized," said Sir Charles Gordon, G.B.E., during the course of his first presidential address to shareholders of the Royal Trust Company at the thirtieth annual general meeting here.

H. B. MACKENZIE

General manager of the Bank of Montreal, now elected a director of the Royal Trust Company. He is a former general manager of the Royal Trust Company.

Marked growth in all departments of the company during the past year was reported and a large increase in the amount of business handled was reflected in the 1929 financial statement presented to the shareholders. The general trust and estate business of the company showed an increase of \$38,000,000 in assets during 1929, and now amounts to a total of \$333,000,000. Total assets in the hands of the company as executor, trustee, agent, safe custodian or otherwise, was increased by \$42,000,000 from \$441,000,000 to \$483,000,000. These figures do not include bond trusteeships or liquidations.

THE NET EARNINGS

The net earnings for the year, after deducting management and other expenses and providing for all taxes and contingencies, were \$679,117.68, as against \$548,938.74 for the previous year.

A transfer of \$250,000 from the profit and loss account to the reserve fund was also reported, bringing the reserve up to a total of \$3,750,000.

In moving the adoption of the directors' report to the shareholders, Sir Charles Gordon, presiding over the first annual meeting since his election to the presidency of the company, paid tribute to the memory of his predecessor, Sir Vincent Meredith, Bart.

Speaking of the thirtieth anniversary of the founding of the company which was observed during 1929, the president pointed out that during these thirty years, assets under administration had increased from \$1,000,000 to \$484,000,000, and that fourteen branches had been established in Canada, in Newfoundland and in England.

Referring first to the increases in assets and earnings noted above, R. P. Jellett, general manager of the company, also mentioned the large increase during the year in the number of wills on file under which the company had been appointed executor.

THE LONDON BRANCH

Continuing, Mr. Jellett said in part: "The opening of the branch in London, England, has, I think, been justified, and its future prospects are considered good."

"The company's consistent conservatism in the matter of investment policy proved to be a comfort to the company's clients when the crash in market values occurred in October and November."

"No difficulty was experienced in keeping the call loans made by the company for itself and for others amply secured."

"This company was the first to offer, during the year gone by, the winding-up by attorney service. Under this plan anyone may give a general power of attorney to the company to

act for him or her in the event of unexpected incapacity arising out of accident or illness, no charge being made except in the unlikely circumstances of the company's being called upon to act under the power of attorney. We believe that our company was the originator of this service and that it will appeal to many people."

H. B. Mackenzie, former general manager of the company, and now general manager of the Bank of Montreal, and Britton Oler, K.C., of Toronto, were added to the board of directors, which, with those re-elected, is now constituted as follows: Sir Charles Gordon, G.B.E., Huntly R. Drummond, Hon. Thomas Ahearn, High A. Allan, Hon. C. C. Ballantyne, E. W. Beatty, K.C., W. A. Black, W. A. Bog, Hon. Henry Cockshutt, Norman J. Dawes, C. W. Dean, A. E. Holt, Eugene Lafleur, K.C., J. W. McConnell, H. B. Mackenzie, Ross H. McMaster, William McMaster, F. E. Meredith, K.C., Major-General the Hon. S. C. Newburn, C.M.G., Lieutenant-Colonel Herbert Molson, C.M.G., M.C., Britton Oler, K.C., Charles F. Sise, Walter M. Stewart, Hon. L. A. Taschereau and Sir Frederick Williams-Taylor.

At a special general meeting of the board of directors, Sir Charles Gordon, G.B.E., was re-elected president, and Huntly R. Drummond, vice-president. Members of the executive committee consisting of the president, Sir Charles Gordon, G.B.E., or in his absence the vice-president, Huntly R. Drummond, Sir Frederick Williams-Taylor, C. W. Dean and W. A. Bog, were re-elected. J. W. Spencer, Victoria, vice-president of David Spencer Limited, was appointed a member of the Victoria Advisory Board of the company.

At a special general meeting held immediately prior to the annual meeting, shareholders ratified the recommendation of the board of directors to divide the 20,000 shares of the capital stock with a par value of \$100, into 100,000 fully paid shares with a par value of \$20. This action will be subject to confirmation and the granting of letters patent by the Quebec Legislature.

GIVES STATUS TO DRUGLESS HEALERS HERE

Bill Provides For Establishment as Definite Profession

Would Have Privileges Like Those Enjoyed By Medical Profession

Treatment of the sick by other than medical men, an issue which has agitated the Legislature frequently in the past, has assumed the proportions of a major problem for settlement by the House before it adjourns.

With entirely new legislation governing drugless healing now before the members, with chiropractors demanding exclusion from this bill, and with medical men objecting to some features of it and proposing new regulations of their own, the question now presents many aspects for consideration.

WITH OWN COLLEGES

The only proposal definitely advanced so far is a bill governing drugless healers, put before the House by William Dick, Conservative, of Vancouver. This bill, in effect, would establish drugless healing as a definite profession, like that of medicine, with its own standards and ethics. Qualified drugless healers, as members of the college, with headquarters in Vancouver, would have wide privileges like those enjoyed by the medical profession. Among the rights definitely conveyed on them are: Treatment of any patient in any hospital supported in part by public funds; collection of reasonable charges in the courts; signing of death certificates; eligibility for such offices as coroner, health officer or school physician.

OBJECT TO POWERS

This bill has been referred to the Private Bills Committee, and before it is passed a spirited controversy is expected to centre around some clauses. Medical men, it has been indicated already, will not seek to prevent practice of drugless healing, but they object to some of the powers which would be conveyed on drugless healers, especially that allowing them to sign death certificates. In the past medical men also have insisted that all non-medical practitioners should have to pass examinations, set by qualified medical doctors. The new legislation would allow the drugless healers to set their own examinations.

The bill introduced by Mr. Dick specifically covers chiropractors who for years have vainly sought full recognition from the House. The chiropractors, however, do not wish to be included in the new legislation, members have been informed, and it is expected will be deleted from it. A definite agreement on this point has been reached between the chiropractors and the drugless healers, it is understood.

MINE PROGRESS TOLD BY CLOTHIER

Vancouver, Feb. 17.—In a general summary of the mining activities on the lower mainland and on Vancouver Island, George A. Clothier, resident mining engineer, detailed the development work of eighty-five properties in this area during 1929, before the B.C. Chamber of Mines last night.

Most important among activities, he said, was the work done by the Consolidated Mining & Smelting Company on the new Minkish Lake, Vancouver Island, development. During the last few months seventy men had been employed in diamond drilling and carrying on underground work on this property, he said.

Reference was made to renewed interest in workings on Texada Island and Mr. Clothier predicted the possible development of an iron industry through the combination of the Texada Island property and Vancouver Island Coal Fields.

Several deposits and claims in the vicinity of Knight Inlet were described and reopening of old properties near Campbell and Buttles Lake was outlined.

The New for Spring in Dresses, Silks and Hosiery

Two Good Values In Kayser Hosiery for Women

Semi-service-weight Silk Hose, for afternoon wear, full fashioned, with slendo and pointed heels. Silk-to-garter hem. Fashionable shades. Sizes 8½ to 10. A pair \$1.50

BETTER FURNITURE

FOR BETTER HOMES

WHY CONFUSE the words "good" and "expensive?" They don't ever approach being synonymous. At least, they don't at the Home Furniture Company. We have supplied Victorians with better furniture for many years, and have never been guilty of overpricing. Neither have we ever been forced to resort to sensational sales as a means of attracting trade. We have practiced a consistent policy of setting the lowest possible original prices on our merchandise and letting them stand. Our patrons enjoy the advantages.

MOTHERS' HOPES

What Chance Have They if Real Music Must Be Sacrificed to Machine-made Sound?

MOTHERS strive valiantly to give their children happiness—a chance to enjoy the richest, fullest lives. Contrary forces forever oppose Mother's hopes.

Today, change—speed—unrest work to thwart her longing for contentment. . . . The ruthless spirit of the Machine Age threatens to crowd out all humanizing culture. . . . Men and women who heedlessly through life to the center of the eternal machine. . . . Now, the machine has entered the realm of the musical art. Is this the Song of Progress? No! Machine-made music can never provide a substitute for the motivating, cultural influence of Real Music. Those concerned for the future of the race will resent the strangling of the art of music by a mechanical

CLUB MEMBERS TO ENTERTAIN

Uplands Golf Club Will Hold Annual Ball at Empress Hotel Next Tuesday Evening

Members of the Uplands Golf Club will hold their annual ball in the Empress Hotel this year, the affair being arranged for Tuesday evening, February 25. An energetic committee is now working on last-minute plans for the dance, and the ladies' committee of the club and men's committee have combined their efforts to make the dance the most successful ever held by the club and one of the outstanding events of the social season. Dancing will commence in the ballroom at 9 o'clock and will continue until 2 o'clock. Ozard's orchestra has been engaged for the occasion and will provide a programme of the latest dance hits from New York and London. A buffet supper will be served at midnight in the main dining-room. Tickets are reported to be selling well. The remaining ones may be purchased from any member of the club.

I.O.D.E. Plans Exhibition of Objects d'Art

A preliminary meeting of the members of the committee of Gonzales Chapter, I.O.D.E., who are making arrangements for the forthcoming exhibition of curios and antiques, took place on Friday. Those attending were: Mrs. Tyrwhitt Drake, regent; Mrs. Walter Nichol, vice-regent; Mrs. Chisholm, secretary; Miss Pitts, treasurer; Mrs. Curtis Sampson, Mrs. H. Barnard; Mrs. L. H. Gillespie, Mrs. E. O. Prior; Mrs. H. Davis, Mrs. Shallice, Miss Clearhue, also Messrs. Steedman, Dwinell, McLoy, House and Mr. Bosch, who have kindly consented to act in an advisory capacity.

Names of friends willing to lend exhibits were read, and much other business transacted. The committee would be very glad if any friend who would be willing to lend objects of art or historical interest, would kindly telephone any member of the committee. Every precaution for the safeguarding of such loans will be taken, and the exhibition is to be held in a brick fireproof building.

YOUR BABY and MINE

by MARY MEXER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

GO EASY WITH FOOD CHANGES

The first rule in the feeding of children is that all new foods must be introduced gradually—by degrees—slowly! The same rule applies just as forcibly to all changes in the formula. Suppose the baby is accustomed to whole milk. For some good and sufficient reason the mother decides to change his diet to dry or evaporated milk. Or again, a change from lactic acid to sweet milk may be in order. Under any such circumstances the change in the food must be made gradually. Any abrupt change in the food may result disastrously. Substitute one bottle of the new food for one of the old. In two or three days try another bottle of the new food. Without digestive upset or temper tantrums the baby can be induced to like this new food we are offering him, and in a week or two the new food will reign supreme.

Mrs. T. E. H. wants to change from lactic acid to sweet milk now that baby is one year old. She fears too long use of lactic acid milk will cause rickets. Her baby is likewise sensitive to egg and breaks out if so much as touches his face. Eating it makes him very ill.

CRUTCH TO DIGESTION

The use of lactic acid in whole milk serves the purpose of helping baby digest this strange food. At one year of age baby should need no such crutch to his digestion and for that reason only it is unnecessary to continue the lactic acid milk. However, there would be no more danger of rickets with lactic acid milk than with

any other milk formula. Rickets comes from constant feeding of a deficient food, as well as from a diet that lacks all the necessary additional foods and the cod liver oil (or direct sunlight) which baby should have his first year.

In changing to the sweet milk, it is wiser to begin by giving one cup of the sweet milk with breakfast. In two or three days give another cup with the noon meal; then the afternoon cup; and later the going to bed cup.

RICH IN IRON

Eggs are often distressing to young children, and it is usually the white that is the offending element. The white of an egg is almost pure protein and all kinds of proteins cause sensitive persons to suffer eczema, hives, asthma, and other ailments. As most children get all their protein in the form of milk, whole grain cereals, and meat, the white isn't really necessary to the diet. The yolk, though, is rich in iron and in essential vitamins, and it appears so commonly in all kinds of foods that it is a great nuisance if it must be excluded from the diet.

Start with one-half teaspoon of soft-cooked or hard-cooked yolk mixed with some other food. Give this daily over a long period until you are certain it causes no disturbance. Then increase to one teaspoonful. If one increases the amount cautiously and continues it long enough, the child should build up an immunity to the offensive element so that he no longer reacts to it. The yolk of an egg three times a week is then enough for the average child.

PIANO RECITAL MUCH ENJOYED

Pupils of Oliver R. Stout Render Excellent Programme Saturday Night

A very interesting programme of pianoforte music was rendered by the pupils of Oliver R. Stout, before a large gathering of pupils, parents and friends in the New Thought Temple, Fort Street, on Saturday evening.

The programme, which was a lengthy one, consisted of numbers rendered by pupils of all grades, from primary to advanced, and was particularly enjoyable because of the great variety of styles of the pieces given. The smaller pupils naturally attracted a great amount of attention, and many showed a keen desire to produce good tone and expression.

After the recital, a number of pupils were presented with certificates awarded by the London College of Music of London, England.

RECEIVED CERTIFICATES

Those who received certificates were: Phyllis Bennett, first class, advanced; Evelyn Anderson, senior; Doris Henry, honors, advanced intermediate; Dorothy Little and Virginia Chaster, first class advanced intermediate; Kathleen Gurney, honors, first class, advanced intermediate; Faith Caley, honors, intermediate; Evelyn Anderson, Violet Day, Daisy Robins, Victor Little and Audrey McFarlane, first class, intermediate; Phyllis Monaghan, pass, intermediate; Ian Grant, Edith Crocker, Ethel O'Connor and Margaret McBrayne, honors, elementary, and Louisa Burnett and Dorothy McConnell, first class primary. A special book prize was presented to Ian Grant from the London College of Music for obtaining high marks in the elementary examination.

The programme was as follows: Virginia Chaster and Violet Day, "New Life, New Spirit," Englemann; Evelyn Anderson, "Le Chant du Ruisseau," Lack; Norman Little, "The Aeroplane," Thompson; Margaret Merry, "The Melonette," Thompson; Dorothy Cladston, "Hungarian Dance," Engel; Dorothy and Bobby Jealous, "Around the Maypole," Garland; Jean McDonald, "Impatience," Gullitt; Dorothy McConnell, "Drum-Major March," Engel; Ian Grant, "Peter Pan," and "The Pirates," Ewing; Audrey McFarlane and Evelyn Anderson, "Rondo Militaire," Diabelli; Louise Burnett, "Moths," Thompson; Ellen Brinn, "L'Hirondelle," Burgmüller; Elizabeth Moffat, "Sparks," Thompson; Victor Little, "Sailor's Song," Heller; Jean Day, "Inquietude," Burgmüller; Ethel O'Connor, "Tarentella," Beaumont; William Sloan, "Russian Song," translation by Thompson; Edith Crocker, "Hungary," Thompson; Kathleen Gurney, "Swedish Wedding March," Söderman; Thelma Lloyd, "Polish Dance," Engel; Jean Day and Ethel O'Connor, "Box of Soldiers," Ewing; Jessie McDonald, "Norwegian Dance," Von Wilim; Peggy McBrayne, "Prelude in C Minor," Chopin; Bertram Hyne, "Song of the Brook," Hewitt; Doris Henry, "Fantasia in D Minor," Mozart; Arnold Fes, "Tarentella," Leberre; Dorothy Little, "Minuet in G," Padurewski; Harvey Goddard and Wm. Sloan, "Soldiers' March," Gounod; Faith Caley, "Gondola," Reynold; Virginia Chaster, "Les Hirondelles," Godard; Dorothy and Victoria Little, "The

Mill in the Black Forest," Eilenberg; Doris Marvin, "Sextet from Lucia di Lammermoor," Donizetti; Grace Hodges, "The Rustle of Spring," Sinding; Mrs. Ida Smith, "Festiva in C Minor," Rachmaninoff; Winifred Green, "Duetto," Mendelssohn; Doris Henry and Faith Caley, "Concert Polonaise," Englemann; Thelma Birnie, "Hunting Song," Mendelssohn; Barbara Fraser, "The Lark," Glinka.

Victoria W. I. Had Valentine Social

There was a splendid attendance of members and friends at the Valentine's tea held by the Victoria Women's Institute, in their rooms on Friday afternoon. The tea tables were pretty with red carnations and ferns, and valentine favors and pussy willows were effectively used in the general decoration scheme. The programme was much enjoyed. Mrs. Arthur Dowell gave several delightful solos and Master Brian Burdon-Murphy, piano solos. A hearty vote of thanks was given these artists.

There was a home cooking and miscellaneous stall, in charge of Mrs. F. Taylor and Mrs. H. Brown. An amusing competition took place on Friday afternoon and some truly marvelous creations were designed. Mrs. Fleming being the winner and Mrs. H. McIntyre consolation. The cushion, in charge of Mrs. Deird, was won by Mrs. Gibson with ticket number three. Mrs. J. S. Adam was general convener. Mesdames Terry, Wilkinson, Waite and Lakton were in charge of the tea, while Mrs. K. Palmer convoked the programme. The proceeds of the afternoon netted a substantial sum. Another class in parliamentary procedure and public speaking will be held on Thursday at 2.45 and will be open to the public.

WOMAN SETS RECORD

Records fell before the fleet dog team driven by Mrs. Ted Rieker, pictured above with her lead dog "Bongo" after winning the first leg of the annual dog derby at Poland Springs, Me. Though the going was heavy through four inches of snow, her elapsed time for the difficult twenty-five-mile course was 2 hours 1 minute and 40 seconds—more than five minutes better than the record set in 1927 by famed Leonard Seppala.

DIVORCE COURT PLAN OPPOSED

Catholic Prelates Issue Pastoral Letter Against Dominion Court

Montreal, Que., Feb. 17.—Opposition to the erection of a divorce court is pronounced in a pastoral letter signed by Cardinal Houdeau, the archbishop of Quebec, Montreal and all the bishops of the ecclesiastical provinces of Quebec, Montreal and Ottawa which was read in all churches in these provinces at Parochial Mass to-day. The pastoral announces that if it wills the Federal Parliament could abolish the divorce courts already existing in Canada, it could dissolve all private divorce suits, or, at least, could limit their number.

The letter states the Catholic hierarchy "has cause to fear, in view of the powerful influences bearing in an opposite direction, that the supreme effort is at hand not to suppress an unwieldy and defective procedure, but a replace it by the injection of regularly constituted divorce courts."

The pastoral states that in Quebec the almost unanimous sentiment sustains the church in regarding marriage as sacramental in character and as such belonging—in whatever touches the marriage bond itself—not to the civil power but to the divine power residing in the church of Christ.

NUMBER INCREASES

From 51 divorces granted in 1929, when the fathers of the first plenary council of Canada assembled at Quebec to warn Roman Catholics against divorce as a grave evil, the number rose to 785 in 1928, the letter continues. This increase was due to the fact that the Privy Council had recognized the divorce courts of the western provinces as being within the law, and also to the fact that Parliament now passes private bills of divorce, which, having been approved in the past year.

Marriage, the letter says, must be inviolable, in order to attain the ends assigned to it by the Creator. He Himself created marriage as an institution, and one which was not meant to be changed by man-made laws. Man may disregard the will of the Creator, but he will be overruling the whole economy of family life, the letter says.

LAW SAVED

The letter warns the statesmen from laying their hands on the marriage law of the province of Quebec, which has been made sacred by its connection with the marriage laws of God.

The greatest evil to guard against is the establishment of divorce courts in the province of Quebec, a province where the law that governs marriage is the law of indissolubility, the letter continues.

DIVORCE FORBIDDEN

The letter asks that members of the Roman Catholic religion abstain from voting for any law making divorce easier or for any law advocating the establishment of provincial divorce courts. Concluding, it reminds Catholics once more that they are forbidden to seek divorce in any way whatsoever.

Welsh Society Hear Singer From Seattle

The February meeting of the Victoria Cymrodorion Society was held Friday evening in St. David's Hall, 1414 Douglas Street, with Mr. R. Thomas presiding. There was a good attendance of members and friends, who enjoyed an excellent programme, which opened with the singing of "Crug-y-Bar." Miss Helen Thomas contributed pianoforte solos, Mrs. J. C. Williams, vocal solos, with a group of monologues by Mr. McKenna.

The society was fortunate in being able to take advantage of the presence in the city of Mrs. T. Griffiths, a choir leader from Seattle, who sang several times during the evening. The singer was heard with much pleasure in the following group of songs: "Yn Iach i Gymru" (Parry), "The Bells of Aberdovey" (Dibdin), and "Ran y Myrdd" (Davies), also in duets with Maurice Thomas, "Life's Dream" and "Keys of Heaven." These were all much enjoyed. The accompanist throughout was Mrs. Rhonwen Mason. Refreshments were served by Mrs. Lewis, Mrs. I. C. Jones and others.

The secretary, Mr. W. H. Gardner, announced on behalf of the Welsh Society in Vancouver an extended tour to be held on Good Friday in the Cambrian Hall of that city. The president also read a letter from Sir Alfred T. Davies, K.B.E., appealing for support to the fund for extension of the Celtic Memorial Institute in Denbighshire. This shrine, which is the birthplace of the great Welsh poet, John Ceiriog Hughes, is being widened in its scope to take in suitable additional memorials to other noted Welshmen, who have distinguished themselves in other parts of the world. The next regular meeting is scheduled for March 14, with March 1 set aside to do honor once more to the society's patron saint, St. David.

Clothes Badly Needed—The Friendly Help Society is being overwhelmed with requests for clothing for men seeking employment and who, after many weeks of being out of work, are unable to buy the necessities for themselves. Anyone having garments or boots for which they have no need is kindly requested to communicate with the secretary.

Good Eyesight For Bad

Wonderful Eyesight Discovery Brings Perfect Sight and Dispenses With Glasses

All whose sight is imperfect will hail with delight the cheering news that a WONDERFUL EYESIGHT DISCOVERY has been made which is enabling people afflicted with eyesight defects to see as clearly as desired, and to dispense entirely with disfiguring, discomfiting, and expensive spectacles.

This announcement happily comes at a time when great authorities are deploring the ever-increasing numbers of people of both sexes who are seen nowadays wearing artificial aids to sight. As a matter of fact it is feared by many scientific leaders of thought that the nation's eyesight is in grave danger.

This is all altered now owing to this epoch-making discovery that almost every kind of defect of vision can be overcome in a very safe and inexpensive manner.

PERFECT SIGHT AFTER YEARS OF DEFECTIVE VISION

An enthusiastic welcome is therefore assured for a discovery which will at once arrest the alarming increase in weak and failing sighted persons, and restore clear vision to those who suffer from the severe handicaps of imperfect sight. The most common eye troubles which this discovery has overcome are:

1. Failing or weak sight.
2. Near sight.
3. Old sight or blurred vision.
4. Astigmatism.
5. Twitching eyes.
6. Watery eyes.
7. Discharging eyes.
8. Unequal power of eyes.
9. Aching eyes.
10. Eye headache.
11. Drooping eyelids.
12. Red and inflamed eyes.
13. Squint or cross-eyes.
14. Conjunctivitis or any other eye troubles.

An astonishing fact about the new discovery is that its efficacy has been proved even in cases of twenty or thirty years' standing and with people of all ages up to seventy or eighty years. The cost is trifling to the patient and the entire "cure" of the eyesight trouble is carried out without any inconvenience.

These are no reckless claims made without evidence, but are actual facts demonstrated by tests extending over five years in many thousands of cases, the results of which tell a remarkable story of almost unbelievable success.

Enough has been said to encourage inquiry on the part of eyesight sufferers, and the fact that full particulars are willingly given by Dr. Bird to all who call, should be sufficient reason why you, if your eyesight is defective, should call at once and

CONSULT DR. BIRD

The address is 216 Central Building, Victoria, B.C. Phone 2364
Remember that by so doing you will have taken the first step to obtain that clearness and perfection of vision which is your heritage and right.

Pythian Sisters—The Pythian Sisters of Island Temple No. 8 held their regular meeting on Thursday evening with M.E.C. Mrs. White presiding over a good attendance of members. During the evening Sister Anderson extended a cordial invitation to all the sisters and their friends to visit her—new home, the date to be announced later. Sisters Manes and Dowell were appointed to the sick committee. After the meeting the Knights of Pythias entertained the sisters and their friends at a card party. Court whist was played and an enjoyable evening was spent. The winners of the prizes were: Ladies' first, Mrs. Mes; second, Mrs. McKay; consolation, Mrs. Webb; gentlemen's first, Mr. Hammond; second, Mr. Hockley; consolation, Mr. Barry. Much amusement was caused by the special prize sent by Bro. Battle, who was unable to attend. At the close of the game a dainty supper was served by Sister Carter and committee. It is to be hoped that this will be a forerunner of many more combined social events.

Frances Willard Tea—The Central W.C.T.U. Frances Willard memorial tea will be held at the home of Mrs. (Capt.) Wm. Grant, 304 Bay Street, on Thursday afternoon, February 20, commencing at 3 o'clock. Everyone interested in temperance is cordially invited. A most enjoyable afternoon is anticipated.

THE SPORTS MIRROR

MUCH unnecessary booring and hissing was heard at the wrestling bouts staged Friday night at the Armories. However, much of this was caused through many of the fans being unfamiliar with the rules of this sport.

"Strange" Lewis in going to the ropes when in a tight corner was perfectly within his rights, as according to the wrestling rules a wrestler is protected when he is through the ropes. Many fans did not know this and as a result booed Lewis when he did it so frequently. Kruse had the same privilege, and as matter of fact he took advantage of it just as much as Lewis towards the end of the bout. If he had taken advantage of this sooner he might have been longer. However, he will learn the tricks of the game as he gets older. The wrestlers have the privilege of getting right out of the ring and taking a twenty count if they desire. It amounts to the same thing as a fighter taking the count of nine in order to revive.

When one enthusiast went so far as to throw a pop bottle at the former world's champion, even the most rabid hooters thought that was too much. A man who loses his head to that extent should not be allowed at a sporting event. He might have hit a spectator. Besides there was no occasion for such a silly act.

Frank Boucher, former member of the Vancouver Maroons, and now center star of the New York Rangers, is leading scorer in the National Hockey League, is being called the Babe Ruth of hockey. To watch Boucher in a particularly rough game, the average fan might be inclined to think Boucher was timid. The opposite is the truth. Frank says he has learned after eight years of professional play, that as long as a player minds his business he is seldom hurt. But, on the other hand, he says the fellow who goes gunning for trouble always gets what he is after, and anyone who has seen a hockey game will agree with Boucher.

A perusal of the penalty records will show that Boucher is always among the few who have a small number of offences on their records. Last season Frank was credited with two two-minute penalties, all of which were for tripping, the most trivial of penalties. Few of those who have watched Boucher cavort on the ice realize that he has spent practically all his lifetime learning his business. He has been playing on hockey teams since he was eight years old, and he is now around twenty-eight.

Frank's interest in playing was aroused when his older brother George, who is now with the Montreal Maroons, started to play with smaller teams in Ottawa. At the tender age of eight Frank played on his brother's team, the public school team. For the next two years he learned the first tricks and then graduated to the intermediate division, where he played for another two years. After that he played in the senior division and played there until he finished his school course.

Boucher then came to join the Northwest Mounted Police and played with several teams in Regina. He remained with this club for one season following which he joined the Vancouver Maroons. When the coast circuit broke up Frank was sent to Boston, but the Rangers later purchased him from the Bruins and he has been with New York ever since.

H. F. Hepburn Is Monthly Winner At Victoria Club

In the sixth monthly competition played at the Victoria Golf Club yesterday, H. F. Hepburn was the winner finishing all square. Three players, H. P. Johnson, A. V. Price and E. D. Todd, finished in a tie for second place with scores of three down.

The results follow:

	Net	Handicap
H. F. Hepburn	8	All square
H. P. Johnson	8	3 down
A. V. Price	8	3 down
E. D. Todd	8	3 down
S. W. York	12	4 down
Alan Haynes	8	5 down
W. B. Wilson	10	6 down
A. S. O. Musgrave	6	7 down
T. E. Lampman	11	8 down
Harold Wilson	12	9 down
E. H. Swinerton	12	9 down

BILLIARDS

Games scheduled this week in the Intervale Billiard League are as follows:

"B" Section
Veterans of France vs. Army and Navy No. 1.
Pro Patria No. 2 vs. Army and Navy No. 2.
Pro Patria No. 1 vs. Britannia branch, Canadian Scottish, a bye.
Standings of the various teams in the three sections of the Intervale Billiard League, up to last week's matches, follow:

"A" SECTION

	P. W. L. Pts.
Pro Patria	12 11 1 22
Veterans of France	12 5 3 18
Britannia Branch	12 4 8 8

"B" SECTION

DATES SET FOR ALLAN CUP GAMES

Toronto Awarded Finals for Dominion Amateur Hockey Championship

Winnipeg Gets Junior Finals; Senior Finals to Be Held in March

Montreal, Feb. 17.—The finals for the Allan Cup will be played in Toronto on Wednesday, March 26, and Friday, March 28, and if a third game is necessary, Monday, March 31, amateur hockey moguls of Ontario and Quebec decided at a meeting here today. President W. A. Fry and Registrar-treasurer W. A. Hewitt of the Canadian Amateur Hockey Association, made the trip from Toronto to meet the C.A.H.A. officers and all dates for the Allan and Memorial Cups were decided on.

The junior champions of Eastern and Western Canada will meet for the Memorial trophy at Winnipeg on March 26, 28, and if a third game is necessary, March 31. These games will be played on the same nights as the senior teams of the east and west are playing for the Allan Cup. According to the dates announced, amateur hockey teams will not reach the end of the 1929-30 trail until March 31.

Following are the play-off dates: Allan Cup, First Round, A-O.H.A. champions vs. Ottawa Valley champions at Ottawa, Saturday, March 15; at Toronto, Monday, March 17.
B-Memorial champions vs. Quebec champions, at Montreal, Friday, March 14, and Saturday, March 15.
Second Round—Winners A vs. winners B, at Montreal, Wednesday, March 19, and at Toronto or Ottawa, Friday, March 21.

Final—Eastern Canada winners vs. Western Canada winners, at Toronto, Wednesday, March 26, and Friday, March 28. If third game is necessary, Monday, March 31.
Memorial Cup, A-O.H.A. vs. N.O.H.A. champions, Tuesday, March 13 and Saturday, March 15, at Toronto.
B—Quebec champions vs. Ottawa champions, Thursday, March 3, at Ottawa, and Saturday, March 15, at Montreal.

Eastern Canada Final—Winners A vs. winners B, Wednesday, March 12, at Ottawa, on Thursday, March 20, at Montreal, with the return game Saturday, March 22, at Toronto.
Dominion Final—Eastern Canada vs. Western Canada at Winnipeg, Wednesday, March 26, and Friday, March 28. If third game is necessary, Monday, March 31.

TWO HOOP TITLES LONG BEACH WILL BE AT STAKE

Senior "B" and Intermediate "A" Championships to Be Decided To-morrow

Y.M.C.A. Will Oppose West Road While Doo-Dads Hook Up With College

Two city basketball championships will be decided at the High School gymnasium to-morrow night with West Road opposing the Y.M.C.A. in a senior "B" game, and the Doo-Dads playing Victoria College for the intermediate "A" title. The Y.M.C.A. are at present leading the suburbanites by a one-game margin and should they come through with a win in the scheduled encounter to-night they will be declared champions. On the other hand should the West Road quintette take the locals into camp the two teams will be forced to return to the floor and play another game to decide which will represent the local league in the play-off with the senior "C" winners. This arrangement seems to be the only way in which the champions of this division can be declared in time to make them eligible for the Island honors.

The Y went through the first part of the season without meeting defeat, but in their last game with Keating suffered a setback that was costly. Since that time John Craig has been putting his boys through some strenuous workouts and has them in tip-top form. The local five will take the floor with the idea of chalking up a win and making the proposed second game unnecessary.

The West Roaders have seen plenty of competition lately as they play regularly on their home floor. In their last appearance they beat the strong G.P.S. five, and they expect to be able to take two games from the "Y" to-morrow night and get their chance in championship competition.

EXPECT GREAT GAME
When the College hook up with the Doo-Dads for intermediate honors a great battle is looked for. The Doo-Dads won the Island intermediate "B" honors last year and are out to repeat in the higher division this year. During the season these boys have swept everything before them in Sunday school competition and in addition have taken the Colleges into camp in an exhibition tussle.

College have shown much improvement lately, and in their game with Varsity in Vancouver flashed a pretty sharp passing attack to defeat the home team in a very convincing manner.
Alan Lemarquand will referee the games.
Probable starting line-ups follow:
Y.M.C.A.—Craig, Acres, Bagley, Engelson, Rowlands, Rutland and Lawson.
West Road—Clarence Sluggert, Claude Stuggett, G. Lannon, M. Lannon, Parrott, J. Lannon and Andrews.

Arsenal And Hull City In Brilliant Form To Win Games

Only Two Clubs Able to Win Away From Home in Fifth Round of English Cup; Notts Forest Does Well to Draw With Sunderland; 387,000 Fans Attend Matches; Glasgow Rangers Now Favored to Win Scottish Cup

Canadian Press
London, Feb. 17.—Of the eight cup ties played Saturday in the fifth round of the English Football Association competition seven were clean-cut wins, while one was drawn. Winners were: Newcastle United, Huddersfield Town, Aston Villa, West Ham United, Sunderland, Arsenal and Sheffield Wednesday. Arsenal, who eliminated Middlesbrough and Hull City, who pulled off a fine performance in beating Manchester City, were the only teams to win away from home, though Notts Forest did well in drawing at Sunderland. The biggest gate was at Aston, where 70,000 saw the local team beat Blackburn Rovers. The ground record was beaten at Middlesbrough, the attendance there being 45,000. An aggregate of 387,000 people passed the turnstiles at the eight matches.

SINKS 25-FT. PUTT TO WIN TOURNAMENT

Slender Johnny Farrell Gets Birdie on Last Hole to Capture Honors

Noses Out Gene Sarazen By One Stroke in \$3,500 Pensacola Open

Pensacola, Fla., Feb. 17.—Playing the final round in three under par and sinking a twenty-five-foot putt on the final green for a birdie, Johnny Farrell, slender St. Augustine, Fla., professional, posted a 287 yesterday to win the second annual \$3,500 Greater Pensacola open golf tournament.

As he made his drive for the final hole, Farrell needed only par to tie Sarazen and a birdie to win. He was on the green in two shots, a 358-yard par four hole. Farrell sank the lengthy shot on the rolling green for a three. He equalled Sarazen's record of 287, was over on both his second and third, and was under on the final round yesterday.

Sarazen had finished the last round in 70, which added to his 72 on the morning round and his 142 of the previous day, gave him the 288. Farrell's winning score was thirteen above that with which Horton Smith won the tournament last year and three under par figures for the four rounds.

Don K., ridden by Miss Mabel Strickland, was second, three lengths back of the winner, with Tom Nash, ridden by Miss Vera McGinnis, third. A field of twelve went to the post in the stake. Inaugurated to the post in the stake, Tijuana Jockey Club track. Miss Schneider won that year and did not compete in 1929.

Yesterday's results follow:
First race—Six furlongs: King Bank, \$6.00, \$4.00, \$3.40; Hawa, \$4.80, \$3.00; Henry Horner, \$3.60, Time, 1:12 3-5.
Second race—Mile and one-sixteenth: Hopless, \$7.80, \$4.20, \$4.30; Ourida, \$4.80, \$4.80; Money's Worth, \$9.00, Time, 1:47.
Third race—Seven furlongs: Gertie Rose, \$10.00, \$4.20, \$3.00; Nifty, \$4, \$3.60, \$3.40; Red Plumage, \$5.20, Time, 1:26 4-5.
Fourth race—Mile and one-sixteenth: Break O'Dawn, \$4, \$3, \$2.80; Shasta Nut, \$4.80, \$4.20; Baby Blue, \$7, Time, 1:45 2-5.
Fifth race—Six furlongs: Hey Diddle Diddle, \$54.60, \$16.80, \$7; Eskimo, \$6.00, \$4; Shasta Nut, \$3, Time, 1:10 3-5.
Sixth race—Six furlongs: Tootie, \$10, \$3.60, \$3.60; Don K., \$2.80, \$2.80; Tom Nash, \$10.40.
Seventh race—One mile and one-quarter: Plain Pete, \$20, \$20, \$20, \$5.00; Fair-Girl, \$35.50, \$24; Marengo, \$12, Time, 2:05 4-5.
Eighth race—Mile and one-sixteenth: Mohu, \$6.40, \$4.40, \$3.40; Othello, \$6.00, \$5.00; Kentucky Babe, \$4, Time, 1:36 3-5.

Agua Caliente, Feb. 17.—Results of horse racing here Saturday follow:
First race—Five furlongs: Fair Weather, \$16.00, \$9.50, \$3.40; 2, Shasta Nut, \$7.40, \$4.20, \$3; Kavanagh, \$2.80, Time, 1:13 4-5.
Second race—Six furlongs: 1, Tony Bobby, \$5.00, \$4.20, \$2.80; 2, Terry O'Malley, \$9.00, \$5.40; 3, Fair-Albert, \$4.00, Time, 1:13 2-5.
Third race—Three furlongs—1, Daneri, \$20, \$20, \$20, \$5.00; 2, Blanche Brooke, \$3.60, \$2.60; 3, J. W. Grant, \$5.40, Time, 34 2-5.

Ports Come From Behind to Defeat Fort William 4-2

Port Arthur, Ont., Feb. 17.—Coming from behind twice to tie the count and finally force ahead, Port Arthur's Dominion champions scored their ninth win in eleven starts over their inter-city rivals from Fort William in a Thunder Bay district senior league game at the Arena here Saturday night. The final score was 4-2 in one of the best games the teams have played this season.

Toronto, Feb. 17.—Canadian teams fared badly in the third games played in the International Hockey League over the week-end. The London Panthers, battling for first place, were decisively beaten 4-0 by the Buffalo Bisons. Windsor Bulldogs failed to advance in their drive for a play-off berth by losing to the league-leading Cleveland Indians 4 to 1 and Hamilton Tigers played stubbornly against Detroit, but were outscored 2 to 0.

Boston And Canadians Win Over Bruins In N.H.L. Games

Bruins Continue Great Record By Cinching Honors

Win Thrilling Game From Detroit and Assure Themselves of First Place in American Division; Howie Morenz in Great Individual Exhibition to Give Canadiens Victory Over Chicago; Ottawa and Americans Fight to Draw in Exciting Game

New York, Feb. 17.—With thirty-five games of the season's forty-four played, the Boston Bruins have clinched first place in the American group of the National Hockey League, adding one more great feat to their already brilliant record. The Bruins more great feat to their already brilliant record. The Bruins

Although their hold on first place in the Canadian division is far from certain, Montreal's Maroons were almost as brilliant as Boston last week. They won three games to gain a five-point margin over Los Angeles.

Detroit, Mich., Feb. 17.—The Boston Bruins took a mild National Hockey League game from the Detroit Cougars, 4-3, here yesterday. The Bruins with "Bad Boy" Shore playing went through without a single penalty during the game. The Detroit team got three penalties for loitering and holding to defensive play at greater part of the periods, while the Cougars scored two goals as the Boston team opened in the latter part of the second period. Welland scored two of the Boston goals and "Dit" Clapper got the two others.

Geo. Hay and McCabe scored for the Cougars.

THE LINE-UPS
Boston—Thompson, Shore, Hitchman, Barry, Galbraith, Oliver.
Detroit—Beveridge, Noble, Rockburn, Hay, Cooper, McCabe.

Boston spares—Capper, Gainer, Connors, Carson.
Detroit spares—Lewis, Arie, Herber, Mattie, Goodfellow, Hughes, Officials—Mallison and Ritchie.

First period—1, Detroit, Hay (Cooper), 14:27.
Second period—2, Detroit, McCabe (Hay), 4:3; 3, Boston, Welland (Shore), 18:40.

Third period—4, Boston, Clapper (Welland), 4:12; 5, Boston, Welland (Clapper), 9:55; 6, Boston, Clapper (Welland), 14:45.

New York, Feb. 17.—The Ottawa Senators and New York Americans fought a drawn battle through seventy minutes of one of the best games of the season yesterday evening, ending it with two goals apiece. The game was fast and exciting from start to finish, although it was not always well played. A few breaks and a goal that would have won for Ottawa, but was disallowed were added to the speedy and frequently rough games. The play did not begin to slow up until the overtime period, when both teams were tired.

Frank C. Rostigan made two fine shots to give the Senators the lead in the first and third periods only to have New York come from behind each time to tie the score.

THE LINE-UPS
Americans—Winters, Simpson, Brydges, Hines, McVeigh, Patterson, Conacher, Holmes, Boyd, Burch, Masse, Burmeister.
Ottawa—Connell, Clancy, Shields, Lamb, Finnigan, H. Kilrea, Gagne, Cox, Touchev, W. Kilrea, Hutton, Alex Smith, Howe, Starr.

Referee—Denny and Goodman.

SUMMARY
First period—1, Ottawa, Finnigan (Lamb), 9:36; 2, Americans, Holmes (Boyd and Masse), 3:38.
Second period—No score.

Third period—3, Ottawa, Finnigan (Touchev), 3:15; 4, Americans, Hines (McVeigh), 9:45.
Overtime period—No score.

Montreal, Feb. 17.—The Montreal Maroons outplayed a much depleted Pittsburgh Pirates team, 3-1, here, Saturday night before the smallest crowd to watch a N.H.L. game here this year.

Injuries reduced the Pirate squad to ten men, and with this team they had to play good hockey to hold the fast Maroons to the score they did. The

THE LINE-UPS
Maroons—Gardner, Wentworth, Graham, Somers, Couture, Gotselig, Abel, Durovski, Ripley, March, Arbour, Cook, Ingraham, Adams and Bostrum.

RUTTAN'S TRY GIVES BAYS WIN

Oarsmen Stay in Running For Championship With 3-0 Victory Over Scottish

College Line Crossed But Students Win; Y.M.C.A. and University School Victors

"Chuck" Ruttan's try, a minute and one-half after the rest interval, gave the J.B.A.A. the second game in the Senior Rugby League over the Canadian Scottish, while the University School left the field with a 17-3 victory over the Oak Bay Wanderers.

Patterson opened the scoring in the College-Bays game midway in the first half. At the rest interval the students were leading by three points. However, in the second half Ruttan, Senkler, Boorman and Robinson piled up four more tries, two of which Boorman converted, to give the Craigdarroch boys an overwhelming victory.

F. Lister refereed and the teams lined up as follows: The final count read 3-0 for the oarsmen. Should the Scots take the next match, they will annex the local championship and the Bays come through with a win, they will be forced to take the field against the Scottish in another game to decide which team will hold the silverware.

Playing in a sea of mud, the militiamen dominated the major part of the match, but failed to finish their plays and were forced to leave the field scoreless. The Bays, on the other hand, took advantage of every break they got and put up a fine defensive and attacking game to score the only counter.

From the kick-off the Scots forced the ball down into the Scots' territory on a series of dribbles. Parker secured, but missed his kick and the Bays forced a five yard scrum.

SCOTS ATTACK
Campbell Forbes broke fast and led the militiamen back to midfield on a dribble. Hume secured from a scrum and kicked over the Bays twenty-five. Middleton caught and returned the punt. The Scottish forced back and then the Bays fighting on their ten-yard line. Webster took the ball and cleared with a pretty kick.

Fell took it from a line-out and plunged through to the militiamen's twenty-five, but was thrown back by Oliver.

The Scots ran play back to the oarsmen's end on dribbles and held them under the posts. The Bays' forwards heeled perfectly and their three swung play back to centre on a pretty run.

A hard dribble returned the ball to the Bays' end and the Scots' forwards looked as if they were going over, when Webster again secured and cleared. The Scots swung back, but Ruttan returned play to centre with a kick from a five-yard scrum.

Yard by yard the Bays fought their way back to the Scottish end. Ruttan took the ball from the looses on the militiamen's twenty-five and then the Bays' forwards heeled perfectly and their three swung play back to centre on a pretty run.

A hard dribble returned the ball to the Bays' end and the Scots' forwards looked as if they were going over, when Webster again secured and cleared. The Scots swung back, but Ruttan returned play to centre with a kick from a five-yard scrum.

Canadian Bowlers Are Defeated By South Australia

Adelaide, Australia, Feb. 17.—South Australia lawn bowlers defeated the touring Canadian players here today 112 to 78. Scores: Canada, Dr. Weston Krupp, Woodstock, Ont. 24; Bob Gray, Vancouver Lawn Bowling Club 24; Walter B. Cowan, High Park, Toronto 16; W. C. White, Lawrence Park, Toronto 14. Total 78.

South Australia, Hagar 20, Hart 22, Lee 37, King 33. Total 112.

UNIVERSITY WINS
With Fitzgerald, Bristowe and Atkinson scoring tries and Heas and Boyce adding extra points with good kicks, the University School had little difficulty in taking the Wanderers into camp, 17-3, at Mount Topley. At half-time the school was leading, 11-0, and increased its total in the second period. Jones scored the losers' only try.

Captain Coventry refereed and the teams were as follows:
University School—Tulk, Atkinson, Mercer, Taylor, Brinkley, Northrop, Macdonald, Hest, Fitzgerald, Holmes, Akhurst, Orme, Bristowe, Boyce and Mortimer (captain).

Oak Bay Wanderers—Steward, Campbell, Mabee, Usher, Hest, C. Sharpe, Holmes, Burgess, D. Harrison, Sherrwood and Jones.

Y.M.C.A. BEATS SCOTS
Tries by Moyes and fine kicking by Roddy McInnes featured the Y.M.C.A.'s 16-0 win over the Scottish.

Moyes opened the scoring early in the first half and added another before the rest interval. McInnes converted the first of these. In the second period McInnes slid over and was followed shortly by Jack Raddell. The former converted Raddell's counter to close the scoring.

Throughout the game the Y.M.C.A. showed a superiority in the backfield and drove to a win.

The teams were as follows:
Y.M.C.A.—McInnes, Moyes, Smith, Hardy, Coventry, Winslow, Caddell, Royley, Stevens, Blesedale, Leeming, Jones and Robson.

Scottish—Heaslen, Muirhead, Thurburn, Halls, Sharp, Warburton, Howard, Gann, Bailey, Bapty, Monk, Anderson, Stark and Campbell.

JOKERS IN UPSET WIN OVER CHAMPS
Penalty Goal Gives Them 2-1 Victory Over Thistles in Jackson Cup

Jokers pulled one of the biggest surprises seen in First Division soccer this season on Saturday afternoon when they eliminated the Saanich Thistles, winners of the city championship, from the Jackson Cup series. The match played at the Royal Athletic Park ended 2-1 in favor of the Jokers, with the winning goal coming as the result of a penalty kick. This is the second week in succession that the hustling Jokers have sprung a surprise, as the previous Saturday they handed the Victoria Wests a licking in a Combination Cup match.

In Saturday's match the Jokers proved to be the best "mudders," as the game was played on a field that resembled a swamp more than a football pitch. The ball soon became soggy and heavy to manage, and as a result the Thistles were not able to play their usual kick and rush style of game.

It was in the early stages of the game that the Jokers snared their first goal. The Jokers' full-back, Wes Hest, scored from the kick, although Willoughby made a great attempt to save.

The Saanich team was awarded a free kick fifteen feet outside the penalty area for hands by McKendie, one of the Jokers' full-backs. Wes Hest booted the ball into the goal-mouth and Sid Phillips drove it into the net.

STORY WINNING GOAL
Starting off the second half with a rush the Jokers had a big edge on the play, and during a strong offensive on the Thistles' goal Jim Crowe, one of their halves, handled the ball and the Jokers were awarded a penalty. McEwen scored from the kick, although Willoughby made a great attempt to save.

Shortly after this Wes Harper of the Thistles, was sent off the field for a heavy charge on Carmichael. From this time on play became rough and many fouls were seen. Ten minutes from the end of the match the Jokers were leading 2-0.

At the end of the match play was rough and many fouls were seen. Ten minutes from the end of the match the Jokers were leading 2-0.

CHRISTIAN SCIENCE CHURCHES"Soul" was the subject of the lesson-
sermon in all Christian Science churches and societies on Sunday.
"Truly my soul waiteth upon God: from Him cometh my salvation" (Psalm lxxi 1), was one of the Scriptural texts contained in the lesson-
sermon.

Following the reading of the Bible text, passages were also read from "Science and Health With Key to the Scriptures," by Mary Baker Eddy, one passage being the following from page sixty: "Soul has infinite resources with which to bless mankind, and happiness would be more readily attained and would be more secure in our keeping, if sought in soul. Higher enjoyments alone can satisfy the cravings of immortal man."

America's eleven billion dollar oil industry produces more than seventy per cent of the world's petroleum.

Crystal Garden—Swimming and Dancing.**"The Love Parade" Written Especially For Talking Picture Production****Maurice Chevalier Appears in Film Here All This Week**

Maurice Chevalier, who has become the greatest European actor to achieve success in American films since Emil Jannings, will be seen and heard in his most gorgeous picture to date, "The Love Parade," at the Dominion Theatre all this week.

"The Love Parade" is something different in all-talking musical film productions, just as Chevalier is a personage entirely different from all other screen types.

In the first place "The Love Parade" was written for the audible screen. It is not a film version of any previous stage production, it was created expressly for the screen and with the idea of the screen's values for amusement uppermost in the minds of the geniuses who created it.

In the second place "The Love Parade" was directed by Ernst Lubitsch, who was named by vote of critics in a poll taken by Film Daily as the foremost director in the movie industry. He has never turned out a failure. One of his greatest pictures was "The Patriot."
Then there are other qualities that carry "The Love Parade" to the top as probably the greatest musical romance of the New Show World. The libretto or dialogue was written by Ernest Vajda and Guy Bolton. Both are veterans of their craft. Bolton has written the books for over fifty operettas and musical comedies.**"INTERFERENCE" OPENS AT ROYAL****Powerful Dramatic Offering By Gordon McLeod Players This Week**

The Gordon McLeod English Players present the great play, "Interference"

for the fifth week of their season at the Royal Victoria Theatre.

Famous both as a stage play and as a picture, "Interference" is the most powerful and ambitious offering which this company have put before Victoria audiences. Written by Roland Pertwee and Harold Dearden, the play was first produced by Sir Gerald de Maurier in London at the St. James Theatre, where it proved one of the biggest successes of the theatrical world. Later it was filmed with equal success.

Lillian Christine, Gordon McLeod, Ernest Rodkin and Margaret St. Barbe-West, take the leading roles. Other members of the company have important parts.

Thrilling Police Story Unfolded In Variety Offering**"The Chair" Is Title of Toby Leitch Production This Week**

"The Chair," a sensationally thrilling drama of police and underworld life, will be presented at the Variety Theatre all this week by the Toby Leitch Players.

This is one of the most exciting plays Raymond Toby Leitch has ever produced. It teems with action, suspense and thrills, and the third act presents a scene of tremendous dramatic power and interest when the two New York policemen submit a dope-fiend killer to the third degree in an effort to save an innocent boy's life.

For twenty years Michael O'Malley and Bill Donovan have been honored members of the police force and very great friends as well. Michael and his wife Katy are delighted at the love affair of their daughter Myra with Bert Fitzgibbon, deputy assistant prosecutor, but very much worried about the welfare of their young son, Jerry.

The love affair progresses. Myra is ecstatically happy until one night Bill Donovan arrives to shock his pal with the news that Jerry is wanted for a payroll robbery. Michael wants to hide the news from his wife, knowing it will break her heart. He must, however, arrest his son and bring him before a court of justice. The events which follow are of a thrilling nature.

"SALLY" CAPITOL SHOWING

Marilyn Miller Appears on Screen in Her Great Stage Success

Technicolor Film Has Beautiful Settings, Costing Large Sums

Beautiful and colorful settings, some of them among the most costly ever built for a motion picture, provide the backgrounds for Marilyn Miller's first picture, "Sally," which opened today at the Capitol Theatre.

The picture is made entirely in natural color by the technicolor process, and is described as a dazzling production with gorgeous ballets and dancing ensembles, hitting melodies, comedy and romance. "Sally," as a stage vehicle, was one of the prettiest musical comedies in history. As a picture its beauty exceeds even that of the stage version, for the screen allows a much greater latitude in spectacular settings and effects. On the stage "Sally" was Marilyn Miller's greatest success, on the screen it has already established her as a star of the first magnitude. Miss Miller is surrounded by a splendid cast. Alexander Gray, who sang the leading role in "The Desert Song" on the stage, plays opposite her, and Pert Kelton, late of Ziegfeld's "Rio Rita," is the ingenue. Joe E. Brown, T. Roy Barnes and Ford Sterling provide much of the comedy. Others in the cast are Maude Turner Gordon, E. J. Ratcliffe, Jack Duffy and many more.

CARTOONIST OF POPULAR SERIES IN TRAGIC DEATH

"Knicker," Author of "Tiny-mites," Meets End in Automobile Crash

"Little Joe" and "Dizzy Dugan" Also Products of His Pen

Irving S. Knickerbocker, known as "Knicker" to thousands of newspaper readers through his comic drawings and sketches, which appeared daily in newspapers throughout the continent, including Victoria, is dead as the result of injuries received in an automobile accident at Cleveland.

Knickerbocker, who is thirty-two, had established himself as one of the leading comic artists in the United States, was killed when the automobile in which he was riding was struck by another car.

With a group of friends, Knickerbocker was on his way home from a dance. The force of the collision drove the car in which he was riding into a telephone pole, and Knickerbocker died of a fractured skull and punctured lung.

Funeral services were held at Auburn, Wash., the home of Knickerbocker's parents.

Three feature drawings gained "Knicker" a wide following. These were "The Tiny-mites," an imaginative daily story for children by Hal Cochran with illustrations by "Knicker"; "Dizzy Dugan," a popular sports feature, and "Little Joe," a humorous daily sketch of general appeal. In addition, "Knicker" drew illustrations for feature stories on the news and sports pages.

Knickerbocker was born in Auburn, Wash., and moved over the country in search of adventure while he was still in his teens. He worked on a farm, in a lumber camp and on a railroad, enlisted in the army the day the United States entered the World War, and served in France with the A.E.F. After the war he spent some time as a sailor on an ocean liner, and then came ashore and studied art.

JOINED NEA His knack of putting humor into his drawings quickly gained him recognition.

He is survived by his father and mother, a brother and two sisters, all of whom live in Auburn.

Two coincidents, striking in the light of the tragedy that befell him, marked his last day of life.

Just before leaving his office for the last time, "Knicker" dropped five "tiny-mite" drawings on the desk of Hal Cochran, NEA art director, and remarked, "Well, that's '30' for me."

"Thirty" is the newspaper expression for "the end."

The last sports cartoon Knickerbocker drew appeared the day of his death. Over it Knicker had written the heading, "It Was Fun While It Lasted."

"Knicker" cartoons have delighted readers of The Times for several years.

Plane Crash Gives Exciting Moment In "Captain Swagger"

Thrilling Pathe Picture Showing at Columbia Theatre

Production cost sheets on "Captain Swagger," a new Pathe picture which is being shown at the Columbia Theatre to-day includes one item for several thousand dollars which is charged off as "Cost of one aeroplane, destroyed during production."

One of the most thrilling sequences in the picture deals with an aeroplane battle in which a plane crashes and bursts into flames. To secure the desired effect it was necessary to actually wreck an aeroplane by crashing it after the pilot had made a parachute drop, and burn the wrecked remains.

Janet Gaynor's Voice Adds Charm To "Christina" Role

Popular Actress Appears in Playhouse Film This Week

An episode in dialogue that will live long in memory is the dramatic wedding day scene of Janet Gaynor in "Christina," Fox Film directed by William K. Howard now showing at the Playhouse Theatre.

The petite girl who gave to the silent screen "Diane" of the "Seventh Heaven" and "Angela" in "Street Angel" brings to her portrayal of "Christina" the added magic and charm of her voice which so perfectly expresses the winsome character she enacts.

Just as Janet Gaynor always lived her silent roles, so her "Voice with a Soul" gives added realism to the virtuous little Dutch miss who forlornly tries on her mother's wedding finery

ANNUAL DINNER OF JOURNALISTS HERE IS HELD

Premier, Opposition Leader and Mayor Are Guests of Newspaper Men

H. A. Stein, Vancouver, Addresses Local Group of Journalists Organization

With Harold B. McDonald, the newly-elected president, as toastmaster, the annual dinner of the Victoria Branch of the B.C. Institute of Journalists was held at the Chamber of Commerce last night. Premier Tolmie and Mrs. Tolmie, Hon. T. D. Pattullo, Mayor and Mrs. Anson, and H. A. Stein, executive editor of The Vancouver Sun and president of the B.C. Institute, with Mrs. Stein, were the honored guests.

Mr. Stein was the chief speaker, discussing matters pertaining to the formation and organization of the B.C. Institute of Journalists. Adoption of the constitution of the body by both the Vancouver and Victoria groups pointed to the successful culmination of efforts to properly organize journalists of British Columbia, he said, outlining the aims and objects of the organization. Mr. Stein was warmly thanked for his address.

TOAST TO PROVINCE A toast to the Province of British

and speaks of a marriage which is not seemingly to take place. And when she finally consents to go through the ceremony with "the other man," so her blind father will never know of her lover's desertion, there is a tear in her tone which brings an answering tear from every one who listens to her and sees her in the agony of the moment.

Columbia was excellently proposed by B. C. Nicholas, who associated with it the names of the Premier and Mr. Pattullo, each of whom replied with considerable humor.

The chairman offered a toast to the City of Victoria, paying tribute to Mayor Anson on his efficient administration and speaking of the cordial relations between the press and City Hall officials. The Mayor replied, assuring a continuance of this cooperation and predicting Victoria's future as the "finest residential city in Canada."

A toast to the visitors was proposed by Miss J. E. M. Bruce of Victoria and replied to by W. P. Findlay of The Vancouver Sun.

A vote of thanks was passed to Miss Bruce and P. J. Merriman for their untiring work in support of the organization.

OFFICERS ELECTED

Prior to the dinner the annual meeting of the branch was held in the lounge room, the following being elected officers: President, Harold B. McDonald; vice-president, Archie Willis; secretary, Leslie Fox; treasurer, Frank Pagett; delegate to the central body, Archie Willis. Eight nominations were made for posts on the executive, the balloting to be done by mail.

The annual report showed that the organization now represented practically the entire journalistic profession in this city and referred encouragingly to the future of the British Columbia body. Tribute was paid to the memory of the late A. G. Sargison, who was an active member of the branch.

Vancouver members of the Institute and ladies who attended the banquet included Mr. and Mrs. H. A. Stein, Douglas Fowler, A. G. MacDonald, Mr. and Mrs. R. Elson, C. K. Senior, S. T. Frost, J. Hickey, and Mr. and Mrs. W. P. Findlay.

MAY INCREASE SHOW PRICES

Theatre Delegation Assured Tax Will Not Be Reduced

In face of threats from a delegation representing theatre interests that they may be forced to raise the price

of admission the government of British Columbia will make no cut in the amusement tax.

This was made clear at a conference of theatre men, the government and officials of the Finance Department when it was stated the government will need all the revenue from this source which amounts to \$200,000 a year. The theatre men pointed out that John Hart, when he was Minister of Finance, promised a gradual shelving of the war-time tax until it was eliminated. The delegation threaten not only

Questions Being Asked In The British Columbia Legislature

Mr. Winch asked the Minister of Labor the following question:

What was the total number of persons present at each meeting of the Male Minimum Wage Board, exclusive of members of the board?

Mr. McKenzie replied:

No record kept.

Mr. Kennedy asked the Minister of Labor:

What was the total number of persons present at each meeting of the Male Minimum Wage Board between the date of the appointment of the said board and the first day of August, 1928, exclusive of the members of the board?

Mr. McKenzie replied:

No record kept.

Mr. Pearson asked the Minister of Public Works:

1. What yardage of each class of material was moved in continuing the construction of the Yellow Lake Road into Similkameen District last year?

2. What was the total cost of work done, and how many miles were built?

3. Was a new survey made and route change, and, if so, why?

4. What road-making machinery was used on the work, and where was it built?

5. Was any machinery hired to work on this road?

6. If so, what, from whom, at what total cost, and on what basis?

7. Was it found necessary to build a bridge on the new portion of road?

8. If so, what was its cost?

9. Would a bridge have been necessary had the road followed the lake, as originally planned?

10. What is maximum gradient on the portion built in 1928, and what was estimated maximum gradient on said portion as originally surveyed?

11. What was price per yard for each class of material moved?

Mr. Loughheed replied:

1. Approximately: Solid rock, 14,000 cubic yards; other material, 50,000 cubic yards; dry masonry, 15,000 cubic yards.

2. \$43.732.78; 2.3 miles.

3. Yes; on account of poor alignment of original route and heavy rock-work.

4. One gasoline-shovel, two 40 tractors, one 60 tractor, one 20 tractor, one grader, one 1/2-yard drag-line scraper. No information on department files as to place of manufacture; purchased in British Columbia.

5. Yes.

6. One gasoline-shovel from Interior Contracting Company, total cost, including wages, gasoline, etc., \$5,296; rental in dollars for on day to equal \$20 plus one-fifth of the yardage moved on that day; minimum of \$70 per day. (This arrangement in accordance with an established departmental practice.)

7. Yes.

8. \$4,069.04.

9. Yes, and maintenance cost would have been higher.

10. Ten per cent present; 6 per cent original. (Any grade disadvantage more than offset by saving in distance and elimination of rock and snow-slide hazards.)

11. Rock, approximately \$1.50; dry masonry, \$4; other material, 34 cents.

Mr. Kennedy asked the Minister of Public Works:

1. Was any estimate made as to cost of building Yellow Lake route between Pentiction and Kerekes as compared with reconstructing and relocating present road between above points?

2. If so, what is the estimate of cost of each route?

3. What is the approximate distance and maximum altitude of each route?

4. What are the physical conditions pertaining to each route?

Mr. Loughheed replied as follows:

1. Yes.

2. Approximately \$450,000 via Green Mountain route; approximately \$158,000 via Marron Valley route; latter route adopted.

3. Marron Valley route 2 1/2 miles shorter and 400 feet lower than Green Mountain route.

4. Marron Valley route is through a broad, open valley, whereas the Green Mountain route is in a narrow, tortuous canyon, subject to heavy snow-drifts; alignment on Marron Valley Road is better in every way from a traffic and economic point of view.

Mr. Pearson asked the Minister of Public Works:

1. Who is district road foreman for Nanaimo District?

2. When was he appointed?

3. Who did he succeed?

4. Is he a returned soldier?

5. What previous experience had he?

Mr. Loughheed replied:

1. James G. Dickinson.

2. Instructions issued under departmental letter, February 6, 1930.

3. S. York (deceased).

4. Dickinson, returned soldier.

5. Served with Royal Engineers in France.

Mr. A. Mackenzie asked the Minister of Public Works:

1. Who was appointed inspector of construction on the Government Building at Salmon Arm?

2. When was he appointed?

3. What is his experience?

4. What previous experience has he had in such work?

5. What was his occupation before being appointed building inspector?

6. What amount had he been paid to January 31, 1930?

Mr. Loughheed replied:

1. J. Smith Salt.

2. October 28, 1929.

3. \$24 per week.

4. and 5. Employed by his father for many years on various building contracts. Contractor for himself, building station and other public works for London and North-western Railway. Employed by Wm. Moss & Son, contractors, England, on building-work for Air Ministry, etc. All recommendations regarding this man express entire satisfaction with his work and experience.

6. \$336.

Mr. Hayward asked the Minister of Finance:

1. What was the total amount of money paid for purchase of property in the City of Victoria during the year 1929, and the valuation of same?

2. What is the total revenue received monthly from the above property?

3. Were any commissions paid? If so, to whom? State amounts with particulars in each case.

Mr. Loughheed replied as follows:

1. \$125,562.50; valuation, \$125,562.50.

2. \$377 plus \$50-per-year for sign-boards.

3. No commissions paid in connection with the purchase of this property.

Mr. Pattullo asks the Minister of Finance:

1. On what basis are mining recorders and deputy mining recorders paid?

2. Are any mining recorders and deputy mining recorders given an allowance for house-rent?

3. If so, which recorders and deputy recorders, and where located?

4. Are any mining recorders or deputy mining recorders allowed light and fuel, or other?

5. If so, which recorders and deputy recorders; where located; and what allowances?

Mr. Manson asks the Minister of Finance:

What amounts have been received by the Treasury from the government agents at Cumberland, Prince George, Smithers, and Quesnel covering coroners' fees collected within the boundaries of Courtenay, Cumberland, Prince George, Smithers, and Quesnel each year since incorporation of the said municipalities?

Mr. Manson asks the Attorney-General:

How many coroners' inquests have been held within the boundaries of Courtenay, Cumberland, Smithers, Quesnel, and Prince George each year since incorporation of said municipalities?

Mr. Manson asks the Minister of Finance:

What amounts were remitted to the Treasury by the government agent at Prince Rupert covering coroners' fees collected from the City of Prince Rupert each year from 1910 to 1929, inclusive?

General:

On what date did the present government agent at Prince Rupert first hold a coroners' inquest within the City of Prince Rupert?

Births, Marriages, Deaths

CARD OF THANKS

Mrs. Wiper and family wish to thank their numerous friends for their sympathy shown to them in their recent sad bereavement for the loss of a loving husband and father.

DIED

MORISON—On February 14 at Shaughnessy Hospital, Vancouver, B.C., the death occurred of Mrs. Dorothy Beryl Morison, beloved wife of C. K. Morison, and daughter of Mrs. Marian Moss and the late Henry Moss of this city.

Funeral will take place from Hagglan Funeral Parlor, Vancouver. The ashes will be interred in Ross Bay Cemetery, Victoria, at 11 a.m., Tuesday, February 18.

JOBS OPEN TO MEN
WHO FOLLOW MY ADVICE
WE ARE ANXIOUS TO SEND OUR LIT-
erature to men between the ages of 17
and 40 who want to get into Auto or Elec-
trical work. Hundreds of men have already
sent for this interesting book and as a re-
sult are now making good in these profes-
sions. There is absolutely no cost to you
your part—the book will be sent to you by
mail. Your name and address, and whether
you are interested in Auto or Electrical
work, will be sent to me. I will then
send you the book and a list of the
positions open to you. J. A. Rosenb-
rath, National Electrical and Automotive
School, 4000 S. Flamingo St., Dept. 12-3, Los
Angeles, California. Form-1-39

BARGAINS TO CHOOSE FROM

\$1990 GORGIE DISTRICT
Here is a well-built, 6-room dwelling in
splendid condition, offered at a bargain
price. Garage, fruit trees, low taxes.
\$1,000 cash, assume mortgage.

\$1,100—
Good residential district, high location.
A charming bungalow consisting of liv-
ing-room with open fireplace, dining-
room, Dutch kitchen, cement basement,
extra lot can be had. Owner says sell
fast and has reduced the price \$500 for quick
sale.

\$1,800—
Close in, near High School. Cozy bun-
galow of four rooms, open fireplace, three-
piece bathroom. Garage, fruit trees. This is a
clean, neat little place to those who want
something close in at a low price.
This should command your attention.
Take only \$35.

ANOTHER FAIRFIELD BARGAIN

\$2,350 will buy this cozy 4-room bungalow
Hall and living-room with maple floors.
Fireplace in living room. This is a 2-
piece bath; kitchen; part basement ce-
mented. Garage. The bungalow has a
fine appearance and is in good condition.
It is on one of Fairfield's prominent
streets, should sell quickly.

LEE PARSONS & CO. LIMITED

1222 Broad Street

SPECIAL OPPORTUNITY

**THIS IS AN EXCEPTIONAL OPPOR-
tunity to buy an 8-room house in a
nice neighborhood just off the Gorge Road
and within the mile-and-a-half circle. The
house is well built, on concrete foundation,
with cement basement and practically new
furnishings. One bedroom on den on the ground
floor and four bedrooms upstairs, with bath-
room and separate toilet, making this an
ideal family house. Its position is nice and
high and just five minutes walk to either
street car or bus causes convenience at
all times.**

However, although this property has many
attractions for the homebuyer, its chief at-
traction is the low price, with about \$500 cash.
Act quickly and see Mr. Whyte.

WILL SING HERE ON FRIDAY

MISS AGATHA TURLEY

The arrangements for the concert to be given by the Victoria Male Choir
in the Shrine Temple on Friday evening next have been completed. Miss
Agatha Turley, soprano soloist of K.J.M. Seattle, who will assist the choir,
will sing a comprehensive group of numbers, among which will be "Micaela's
Aria from 'Carmen' (Bizet), "A Starry Summer Night" (Debussy), "Flower
of Sicily" (Oliver), "Song of the Palanquin" (Martin Shaw), and, by re-
quest, "Kerry Dance." Miss Turley will be accompanied by Miss Dorothy
Morton. The musicianship of the choir will be tested by such numbers as
Jenkins' "Lee Shore," Elgar's "Zut Zut" and Protheroe's "Victory."
In contrast with "Evening" (De Cal), "Farewell, Thou Lovely Forest
Glade" (A.B.T.) and "O Peaceful Night" (German). Frank Tappan will
conduct. The concert is under the patronage of Mayor Anselm.

ENTRIES ARE IN FOR FESTIVAL

Vancouver, Seattle and
Yakima Musicians to Com-
pete in April

Two ladies' choirs from Vancouver,
two boys' bands from Seattle, and an
orchestra from Yakima are among the
many entries already received for the
Victoria Musical Festival to be held in
April. It was announced at the weekly
meeting of the directors, held Satur-
day evening.

One new class has been added to the
festival since the syllabus was issued.
This is the adult folk dancing class, for
which a cup is being presented by the
Ella. Much interest is being taken
in this class as a result of the visit
of the English Folk Dancers under the
auspices of the National Council of
Education.

The festival office will open on
March 17 at Davis and King's, with
L. A. Gane in charge. This office will
remain open until April 5, when the
time for receiving entries, except the
late ones, will close. This will allow
one month for the completion of the
Festival Week programme.

Future Millionaire Was Always
Changing Work

Montgomery's Ward family was afraid
he would be a good-for-nothing. He
was always changing jobs, never satis-
fied.

At fourteen, since his family could
not afford to send him to school any
longer, he went to work in a stove
factory, at twenty-four cents a day.
He hated the work, was always dis-
contented, and finally quit. Then he
tried working in a brickyard. He was
only a day laborer and the work was

hard and dull. He decided he couldn't
stand it any longer.

Next, he thought he would be a shoe-
maker. Arrangements were made for
him to go into a shoemaker's shop to
learn the trade. Again, he was un-
happy, and again he quit.

Following that, he secured work in a
country store, helping out at \$5 a week
and board. At last, he had found his
place in life. In three years he was
managing the store at \$100 a month.

Montgomery Ward, born in New Jer-
sey, February 17, 1884, had the idea of
selling by catalogue, and founded the
mail order house that bears his name,
becoming many times a millionaire.

DUKE MAY COME TO CANADA IS LATEST REPORT

Glasgow Herald Suggests
King's Second Son May Be
Governor-General

By THOMAS T. CHAMPTION
Canadian Press Correspondent

London, Feb. 17.—"South Africa's
loss may eventually prove Canada's
gain," says the Glasgow Herald in con-
nection with the report that the name
of the Duke of York was at one time
prominently associated with the post
of Governor-General of South Africa,
for which the Earl of Clarendon was
eventually chosen.

The Herald suggests the services of
the second son of the King and Queen
may be placed at the disposal of Can-
ada when the term of Viscount Will-
ington ends.

Appointments recently made and
still to come occupy a large part of
London's political interest to-day.

There has been much comment on the
appointment to South Africa of the
Earl of Clarendon, a Conservative, who
was chief Conservative whip in the
House of Lords from 1922 till 1925.

The commonwealth is said to be
hoping for the appointment of Field-
Marshal Sir William Birdwood, who
was war-time commander of the Aus-
tralian forces.

The vacant deanery of Lincoln is a
post of patronage of more immediate
concern to Premier MacDonald. It was
thrown open by the death of Hon.
Thomas Fry. It is an historic office of
great dignity in the established church
and although the direct duties now-
adays are not onerous, such as Dr. Fry,
may make his influence felt over a much
wider field than the Lincoln diocese.

two, father of five children, in his
home in Brooklyn.

Napoli, who said he had not seen
the victim for four weeks, was charged
with homicide.

5,000 ARRESTS MADE IN CHICAGO IN NINE DAYS

(Continued From Page 1)

nine days ago to nearly 5,000. Only
a small percentage of the total number
arrested have been held, but all have
been put through the Bureau of Identi-
fication. Police found 285 of those
arrested over the week-end were men
with records.

CRIME IS REDUCED
Commissioner William Russell ex-
pressed himself as "greatly satisfied"
with the drive, which he said would
be continued. He pointed to the re-
duction of crime during the period, es-
pecially the virtual cessation of gang
outbreaks, which were violent earlier
this year. Despite the extent of the
campaign against hoodlums, police
have snared only a few of the well-
known of the gangland, and they take
this as a meaning that gangsters have
been frightened from the city or to
cover.

TWO HELD AFTER DEATH
There was one fatal shooting, the
result of a gun brawl. Baline Roth,
forty-five, was the victim. Two men
are held for his death.

Among the 1,124 arrested over the
week-end, seven carried guns, making
them liable to grand jury action. It is
the indictment with which police be-
lieve they will be able to run gun
toters out of town.

MURDER IN NEW YORK
New York, Feb. 17.—Fifteen shotgun
slugs, coming from a curtained car id-
le in a series of volleys that awakened the
entire neighborhood, ended the life of
Casper Scamminola, forty-five, early yes-
terday on a sidewalk close to his home
in Brooklyn.

Detectives said they found papers in
Scamminola's home indicating he had
this as a meaning that gangsters have
been affiliated with a gang of gamblers.
They arrested Giacomo Napoli, forty-

Words Cannot Express His Gratitude

New Brunswick Man Praises Dodd's Kidney Pills

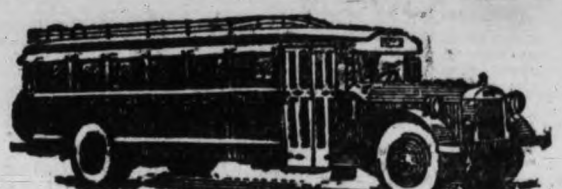

"My physician told me I had a diseased Kidney and I was just
about all used up," writes Mr. William H. Lambert,
a resident of Lambertville, N.B. "I took twelve
boxes of Dodd's Kidney Pills and am now able to
attend to all my duties. Practically as well as
ever. Cannot say too much in their praise."

Dodd's Kidney Pills hold their popularity not
because of the promises they make, but because
of the good they do. Dodd's Kidney Pills are
purely and simply a Kidney remedy. They
strengthen the Kidneys so they can do their
full work of straining the impurities out of
the blood.

EASTMAN KODAK, GARDNER, AUBURN STAGE FAST RISES

New York, Feb. 17.—Unexpected rise featured the stock market to-day, with Eastman Kodak shooting up ten points to a close at 209 1/2.

U.S. Steel strengthened, rising from 184 1/2 to 186 1/2.

Gardner Motors, which showed signs of life at the end of last week, moved up to 7 1/2, which represents a gain of around three points from the level of a week ago, almost doubling itself. The company is issuing a special statement to shareholders, and it is taken that this statement is quite bullish.

Auburn Motor climbed from 221 to 236.

C.P.R. was off to 215.

INDUSTRIAL AVERAGES

New York, Feb. 17 (B.C. Bond Corporation).—Industrial and utilities were up again to-day.

At the close of the market the Dow Jones average of thirty industrials stood at 270.54, up 1.28 points for the day; for twenty rails at 155.00, off 0.16 points, and for twenty utilities at 98.60, up 1.28 points.

Sales for the day totaled 3,862,500 shares.

Money held at 4 1/2 per cent all day.

Durant was reported a big buyer of Standard Oil of New Jersey, which gained more than a point from its opening.

MANY SOLD-OUT BULLS

Wall Street Mirror issued the following to its clients:

"The selling which made its appearance in the Saturday session might easily be the technical corrective movement which the stock market has been needing."

"First of all, most of those who are interested in this selling are the sold-out bulls who have been waiting for a chance to get back in the market. Those who have taken a long pull position in the market have no need to worry about minor fluctuations, because any selling movement here need not be looked upon as other than a minor movement."

"The trader who sells his long stock here on the theory they can be got back much cheaper in a fair way to become one of the vast army of sold-out bulls."

PURCHASES RECOMMENDED

"Among the issues which should be

WHITNEY LETTER

(By Bragson, Brown & Co. Limited)

New York, Feb. 17.—Whitney of Wall Street Financial Bureau says to-day:

BUYING POINT TO-DAY

"While there was a little more selling in Saturday's session than was anticipated, it was due much less to profit taking than to short selling. For some unaccountable reason the street has again managed to get itself bled, with this feeling taking concrete form in renewed bear campaigns in some admittedly weak issues plus a renewal of short sales on other issues in which the short interest is not so much convinced of the possibilities of profits as they are anxious to get a better average position so that their losses will be minimized in case they are wrong. I believe that in at least the sound issues they are going to be, and that it will not take much of the new week to definitely show it."

"As pointed out here hundreds of times before this, we can always have a one-and-a-half-day reaction without bringing about any change in the market's trend, and I think that a day and a half reaction with possibly a few more hours added to it to-day is all we are going to get."

"Last Friday it was pointed out that sufficient absorption had been witnessed to provide us with the technical indication pointing to the inauguration of another phase of market advance which should carry the industrial averages up approximately twenty-two points, the utilities approximately 14, and the rail approximately 12. It does not think any serious consideration need be given to extended reaction until their new levels have been substantially attained. Therefore, consider any carryover of Saturday's selling movement into to-day provides us with an excellent opportunity of coming into the market at prices which will lead to some profitable commitments, and venture to say that if you can get the average issue to-day at one-and-a-half to two points below Saturday's close, you will have a position to be proud of before the week is very old."

NEW YORK SUGAR

New York, Feb. 17.—Raw sugar was quiet early to-day, but the tone was steadier at 3.83.

Refined was unchanged, with all refiners quoted at 4.40, but second-hand were still available at around 4.32. Withdrawals were fair in proportion, but new business continued light.

COMMENT

"Despite general market setback, Continental Baking 'A' has crossed fifty, and with the disposition of this stock, and the move should be speeded up from now on. The one or two quick

LIFE PRESIDENT

NEW YORK STOCK EXCHANGE

(By B.C. Bond Corporation Limited)

New York, Feb. 17.—Wall Street is a strange place where the wolf and the lion pad the same paths seeking, in different ways, for different game.

To exterminate the wolf, Attorney-General Hamilton Ward is preparing a bill that would require all those who sell securities to take out a license and be bonded.

If this measure becomes a law there will be a migration of wolves to States where they can operate with as much freedom, although not the same profit, as they now operate here.

COPPER LEADS FOR FARM BOARD

Washington, Feb. 17.—Charging private interests were stirring up distrust of the United Farm Board among farmers and farm organizations, Senator Capper of Kansas last night urged the country to "give the Farm Board a chance," and beware of propaganda from selfish interests.

"It looks like a two-way attack," the Kansas Republican said in a statement. "One by the grain trade and its allies to frighten the businessman and the consumer, and the other to persuade the farmers the board is not acting in their interests."

He expressed belief that the board in its work through co-operative organizations was on the right track and added: "Perhaps one of the most extraordinary of these efforts is the campaign being waged against the Canadian Wheat Pool."

"The Canadian Wheat Pool is the greatest co-operative grain selling organization the world has ever known—which may be one perfectly good reason why the grain trade is weeping such bitter tears about it."

He concluded with an assertion that the Farm Board was composed of strong men.

"They should be given every chance to function," he declared. "They should have freedom of action."

PLAN AHEAD FOR HOSPITAL

Scheme Provides For Administration Block and West Wing, Says G. McGregor

Nurses' Home Built on Present Site to Permit of Future Expansion

In following out its policy of expansion the directorate of the Royal Jubilee Hospital, now that the nurses' home has been completed and officially opened, will be in a position to consider plans for further development in the future.

The next step in the Jubilee Hospital scheme will be the construction of an administration block and ultimately the plans provide for the erection of a new wing, duplicate of the east wing.

"The nurses' home was erected on its present site so that it will not interfere with future expansion plans," said George McGregor, when asked about future construction plans. "The building programme has been all laid out and will be carried forward as the money becomes available." The new building programme, he explained, would be controlled by the financial support that was forthcoming. It was the hope of the directors, however, that the block of hospital buildings as already planned would be completed within a period of years. "We are merely looking ahead," commented Mr. McGregor.

W. A. Irwin, president, and Thomas G. Fay, executive secretary of the Pacific Northwest Real Estate Association, will be guests of the Victoria Real Estate Board at luncheon on Friday. It is expected both visitors will address the board on matters pertaining to the work of the association.

Credit Reports Show Business Conditions

Winnipeg, Feb. 17.—The weekly trade report of the Canadian Credit Men's Trust Association Limited for week ending February 15, 1936, is as follows:

Halifax.—An average volume is reported by the wholesale trade generally.

BROOKMIRE FORESEES UPTURN MONTHS OFF

New York, Feb. 17.—The Brookmire Economic Service Inc. in its latest analysis of business conditions says:

"It is impossible to say when business will definitely establish an upward trend again. The balance of probabilities favor the turning point as somewhere around the middle of the year. It seems to us that the automobile industry is not in a position to show its unusual seasonal increases from the present level. Steel will reflect lower activity in construction and will be adversely affected by the automobile industry. Retail sales of department stores have not yet felt the full force of increasing unemployment and declining payrolls."

"We have mentioned, as an important factor, relatively heavy inventories in certain industries (oil, copper, automobiles, radios, buildings), which must be liquidated before business can start on a sustained upward trend."

"And there should be also a substantial reduction in bank loans. These, as reported by the member banks, still stand some \$600,000,000 higher than a year ago, in spite of the drastic liquidation which has taken place in brokers' loans."

WALL ST. WOLVES FACE NEW LAW

Attorney-General Plans Not Only Licence But Bonding of Salesmen

New York, Feb. 17.—Wall Street is a strange place where the wolf and the lion pad the same paths seeking, in different ways, for different game.

To exterminate the wolf, Attorney-General Hamilton Ward is preparing a bill that would require all those who sell securities to take out a license and be bonded.

If this measure becomes a law there will be a migration of wolves to States where they can operate with as much freedom, although not the same profit, as they now operate here.

COPPER LEADS FOR FARM BOARD

Washington, Feb. 17.—Charging private interests were stirring up distrust of the United Farm Board among farmers and farm organizations, Senator Capper of Kansas last night urged the country to "give the Farm Board a chance," and beware of propaganda from selfish interests.

"It looks like a two-way attack," the Kansas Republican said in a statement. "One by the grain trade and its allies to frighten the businessman and the consumer, and the other to persuade the farmers the board is not acting in their interests."

He expressed belief that the board in its work through co-operative organizations was on the right track and added: "Perhaps one of the most extraordinary of these efforts is the campaign being waged against the Canadian Wheat Pool."

"The Canadian Wheat Pool is the greatest co-operative grain selling organization the world has ever known—which may be one perfectly good reason why the grain trade is weeping such bitter tears about it."

He concluded with an assertion that the Farm Board was composed of strong men.

"They should be given every chance to function," he declared. "They should have freedom of action."

PLAN AHEAD FOR HOSPITAL

Scheme Provides For Administration Block and West Wing, Says G. McGregor

Nurses' Home Built on Present Site to Permit of Future Expansion

In following out its policy of expansion the directorate of the Royal Jubilee Hospital, now that the nurses' home has been completed and officially opened, will be in a position to consider plans for further development in the future.

The next step in the Jubilee Hospital scheme will be the construction of an administration block and ultimately the plans provide for the erection of a new wing, duplicate of the east wing.

"The nurses' home was erected on its present site so that it will not interfere with future expansion plans," said George McGregor, when asked about future construction plans. "The building programme has been all laid out and will be carried forward as the money becomes available." The new building programme, he explained, would be controlled by the financial support that was forthcoming. It was the hope of the directors, however, that the block of hospital buildings as already planned would be completed within a period of years. "We are merely looking ahead," commented Mr. McGregor.

W. A. Irwin, president, and Thomas G. Fay, executive secretary of the Pacific Northwest Real Estate Association, will be guests of the Victoria Real Estate Board at luncheon on Friday. It is expected both visitors will address the board on matters pertaining to the work of the association.

Credit Reports Show Business Conditions

Winnipeg, Feb. 17.—The weekly trade report of the Canadian Credit Men's Trust Association Limited for week ending February 15, 1936, is as follows:

Halifax.—An average volume is reported by the wholesale trade generally.

BROOKMIRE FORESEES UPTURN MONTHS OFF

New York, Feb. 17.—The Brookmire Economic Service Inc. in its latest analysis of business conditions says:

"It is impossible to say when business will definitely establish an upward trend again. The balance of probabilities favor the turning point as somewhere around the middle of the year. It seems to us that the automobile industry is not in a position to show its unusual seasonal increases from the present level. Steel will reflect lower activity in construction and will be adversely affected by the automobile industry. Retail sales of department stores have not yet felt the full force of increasing unemployment and declining payrolls."

"We have mentioned, as an important factor, relatively heavy inventories in certain industries (oil, copper, automobiles, radios, buildings), which must be liquidated before business can start on a sustained upward trend."

"And there should be also a substantial reduction in bank loans. These, as reported by the member banks, still stand some \$600,000,000 higher than a year ago, in spite of the drastic liquidation which has taken place in brokers' loans."

The Great Majority of Women Will Never Achieve Outstanding Success in Business, Despite the Fact That They Are Just as Capable as Men, for Nature Has Decreed That to a Woman Home Must Always Come First, Says Dorothy Dix

A CORRESPONDENT asks: "What, in your opinion, is the greatest bar to women's success in business and the professions?" To which I unhesitatingly answer: Sex. Being women. And the trouble about it is that there is nothing they can do about it. No way in which they can overcome this fatal handicap. Having been born women, they are doomed to remain women, with all of women's disabilities, physical, mental and social, upon their heads to the end of the chapter.

There will always be women in the business and professional world. Doubtless an increasing number as the years go by and as customs and conditions change. Many of them will achieve a moderate success and be able to earn comfortable incomes. A very few will be brilliantly successful, but for the great majority of women business and the professions will simply be a bridge of sighs over which they pass from the schoolroom to the altar.

When women look around and see how many of their sex are employed in gainful occupations and how few of them ever attain any executive positions in the firm for which they work, how few even ever get to the place where they can demand real money for their services, they are likely to blame men for it, and cry out against the discrimination that is made against women.

But the fault is Nature's rather than man's, for Nature is ever a step-mother to women. She may give one a good brain as a man, and endow her with just as much energy and ambition and start her out with every prospect of climbing to the top of the ladder, then she throws a monkey-wrench into the works by making the poor woman with a nervous system that goes bloozy just when the goal is in sight, or with an ingrowing conscience that makes her give up her career to take care of an old mother or father, or with a heart that makes her sacrifice everything to love.

Probably the average girl and boy have about the same amount of intelligence. In schools and colleges the girls rate quite as well, if not better, than the boys, but as soon as they go to work the boy soon outclasses the girl, and this is because the boy knows that he has begun his life work. What he is doing he expects to do to the end of his days, and so if he has any sense at all he sets about learning how to do it well. He tries to become an expert, he looks forward to achieving fame and fortune at the end of a lifetime of faithful service to his occupation.

Not so the girl. She knows her real job in the world is being a wife and mother and she looks upon whatever other work she does as a mere makeshift that is not worth taking seriously. She doesn't expect to stay in a store or an office long. In fact, she regards the commercial world as just a sort of hunting ground for a husband, and that is why she spends more time powdering her nose and making up her lips than she does in trying to perfect herself in the work she is supposed to do.

Comparatively few girls take any real heart interest in their jobs, because they regard them as so temporary. They don't strive for perfection. They merely try to get by. They haven't gone into an occupation for the long pull, as a man does. They haven't even considered whether they have any aptitude for the work they have taken up. They have taken the first thing that was handy in order to make a little money to buy some finery with which to snare the masculine eye.

So when you come down to brass tacks the real reason that girls are paid less than boys is because they are worth less. Furthermore, the reason that so few women ever achieve executive positions is because every employer knows that just about the time he has spent three or four years training a clever and snappy girl up to fill some special position, she goes off and gets married.

Now when a man marries he simply annexes the comforts of a home and the joy of having wife and children to his occupation. He becomes of more value to his firm because he is better taken care of. He becomes more ambitious and efficient because his wife is behind him, encouraging him and urging him on.

But when a woman gets married she nearly always has to choose between love and her career. She cannot have them both as a man can. If she tries to keep on with her work, it imposes an intolerable burden upon her because she has to do the work of both a man and a woman.

Her home is not a place of rest for her. It is a place of added toil. Her husband doesn't encourage her in her ambitions. He grouches because she doesn't do all for him that the purely domestic woman does for her husband.

If she has children, they take her away from her occupation before they are born, and after they are born she gives one lobe of her brain to what she is doing, and the balance of her thoughts and interest to wondering if some hired hand has remembered to give the baby its bottle, and see that little Johnny isn't getting his feet wet, and that Susie ate her spinach for lunch.

It is folly to deny all of these drawbacks to a woman's success in business or the professions. She is not to blame for them. But there they are, and there they will remain, because no matter how far women progress they can never get beyond the limitations of their sex. And that is why women's greatest success will always be in just being women.
